BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 1 · ARTERIES

PRACTICE

Abdominal arteries, cadaver

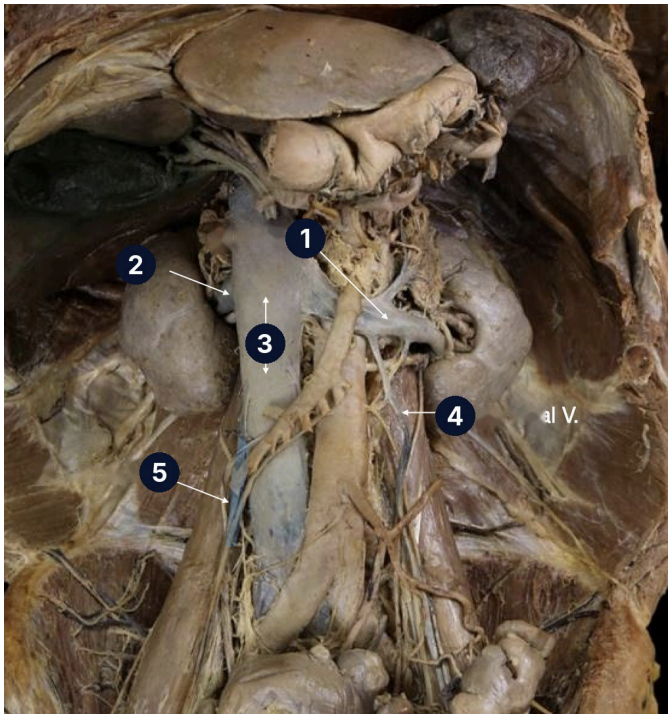

1. Name this artery (it is hidden behind tissue here).
2. Name this vessel. _____
3. Name this artery (give the side). _____
4. Name this vessel. _____
5. Name this vessel. _____
6. Name this artery (give the side). _____
7. Name this artery (give the side). _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 2 · VEINS

PRACTICE

Abdominal veins, cadaver

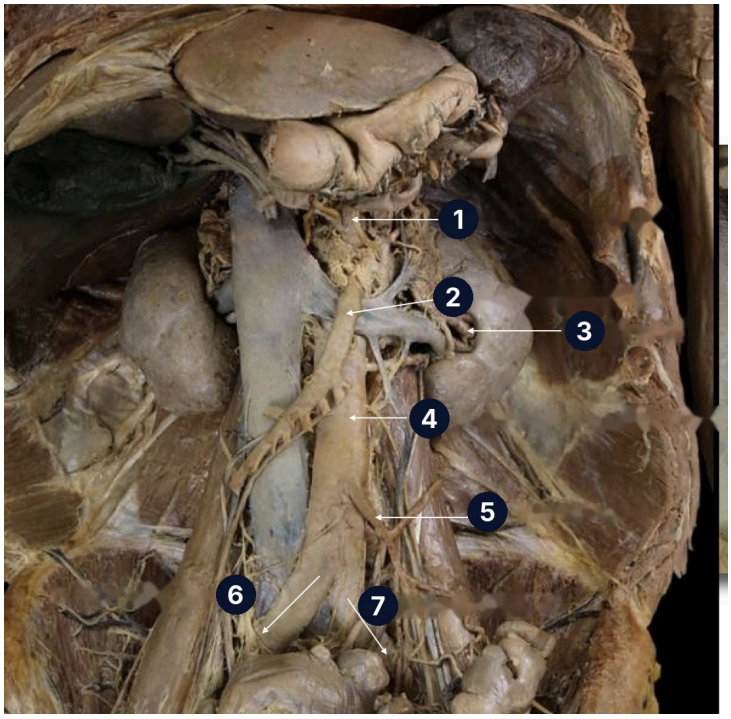

1. Name this vein (give the side).
2. Name this vein (give the side). _____
3. Name this vessel. _____
4. Name this vein (give the side). _____
5. Name this vein (give the side). _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 1 · ARTERIES

ANSWER KEY

Abdominal arteries, cadaver

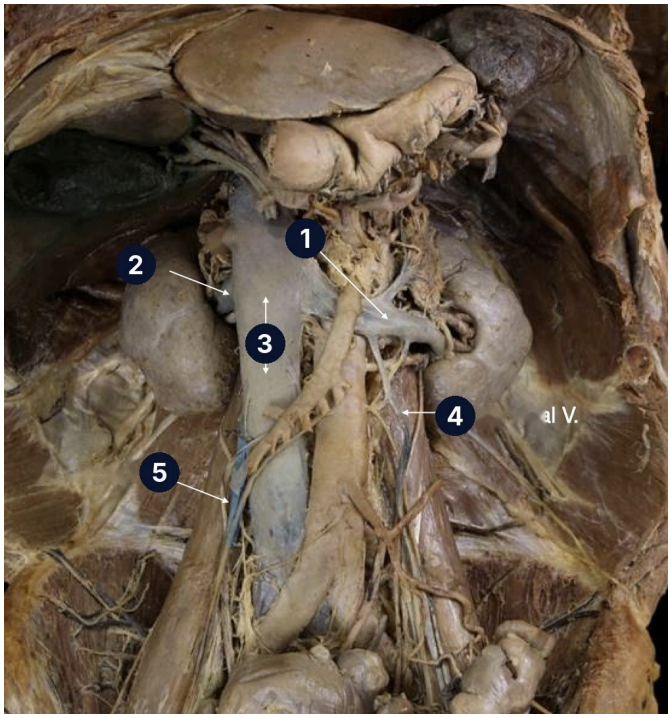

1. Name this artery (it is hidden behind tissue here).
   Celiac trunk
2. Name this vessel.
   Superior mesenteric artery
3. Name this artery (give the side).
   Left renal artery
4. Name this vessel.
   Abdominal aorta
5. Name this vessel.
   Inferior mesenteric artery
6. Name this artery (give the side).
   Right common iliac artery
7. Name this artery (give the side).
   Left common iliac artery

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 2 · VEINS

ANSWER KEY

Abdominal veins, cadaver

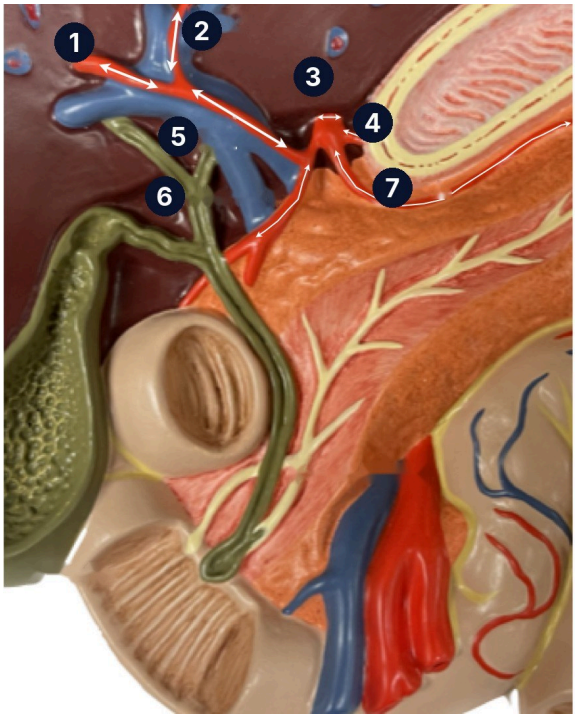

1. Name this vein (give the side).
   Left renal vein
2. Name this vein (give the side).
   Right renal vein
3. Name this vessel.
   Inferior vena cava
4. Name this vein (give the side).
   Left gonadal vein
5. Name this vein (give the side).
   Right gonadal vein

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 3 · ARTERIES

PRACTICE

Celiac trunk branches, model

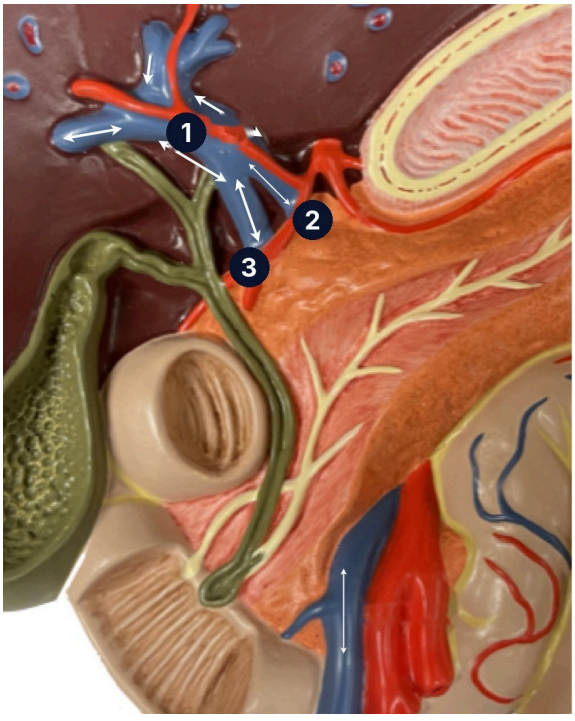

1. Name this vessel. _____
2. Name this vessel. _____
3. Name this structure. _____
4. Name this vessel. _____
5. Name this vessel. _____
6. Name this vessel. _____
7. Name this vessel. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 4 · VEINS

PRACTICE

Hepatic portal system, model

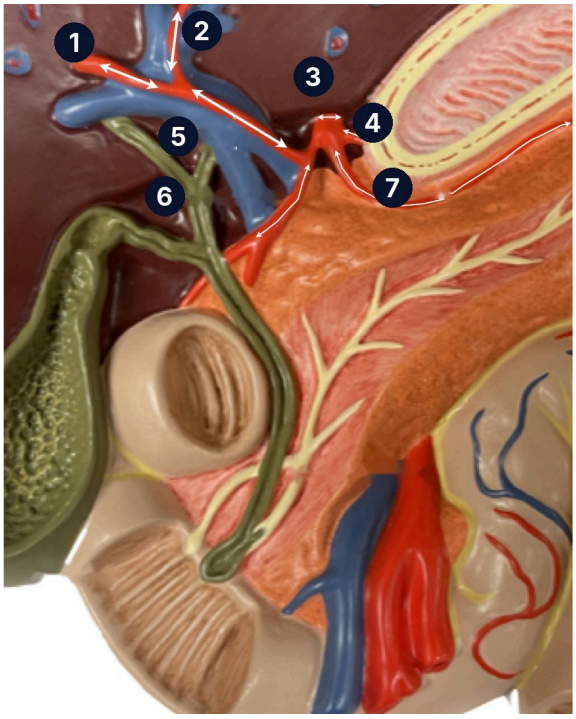

1. Name this vessel. _____
2. Name this vessel. _____
3. Name this vessel. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 3 · ARTERIES

ANSWER KEY

Celiac trunk branches, model

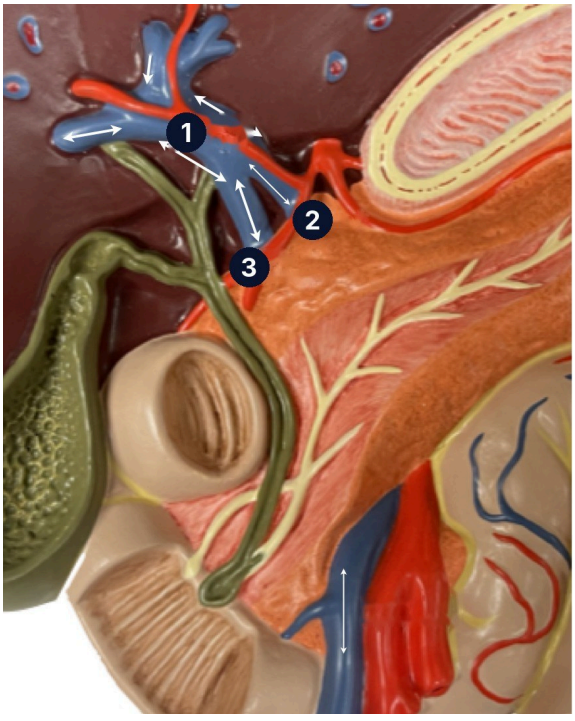

1. Name this vessel.
   Right branch of hepatic artery proper
2. Name this vessel.
   Left branch of hepatic artery proper
3. Name this structure.
   Celiac trunk
4. Name this vessel.
   Left gastric artery
5. Name this vessel.
   Common hepatic artery
6. Name this vessel.
   Gastroduodenal artery
7. Name this vessel.
   Splenic artery

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 4 · VEINS

ANSWER KEY

Hepatic portal system, model

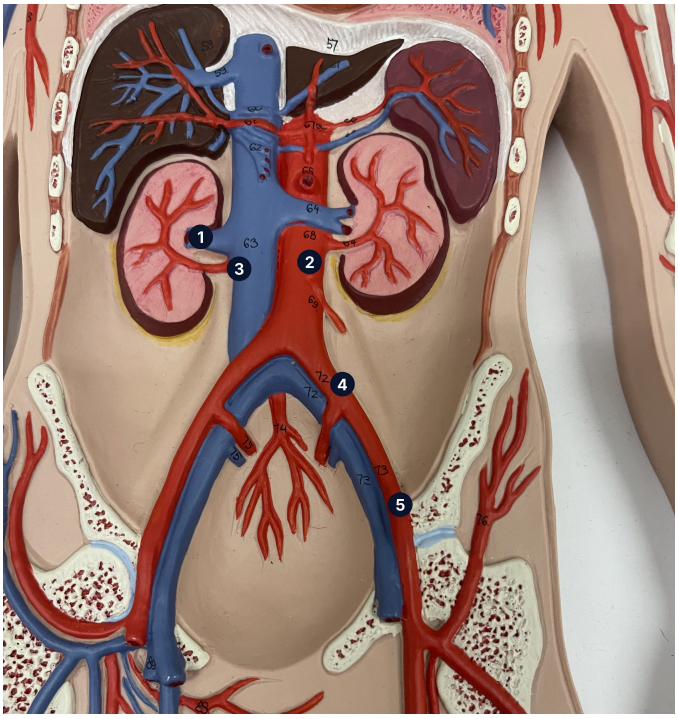

1. Name this vessel.
   Hepatic portal vein
2. Name this vessel.
   Splenic vein
3. Name this vessel.
   Superior mesenteric vein

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 5 · MODEL REVIEW

PRACTICE

Abdominal and pelvic vessels, model

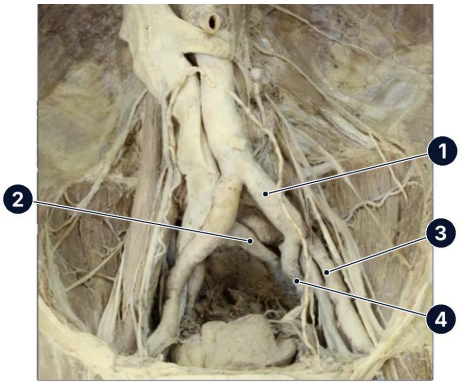

1. Name this vein (give the side).
2. Name this structure. _____
3. Name this structure. _____
4. Name this vessel. _____
5. Name this vessel. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 6 · ARTERIES

PRACTICE

Iliac vessels (cadaver)

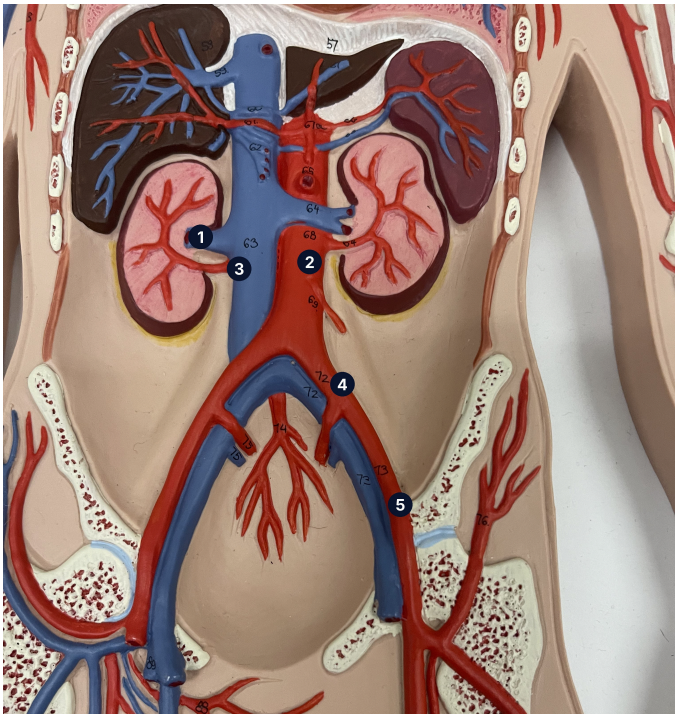

1. Name this vessel.
2. Name this vessel. _____
3. Name this vessel. _____
4. Name this vessel. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 5 · MODEL REVIEW

ANSWER KEY

Abdominal and pelvic vessels, model

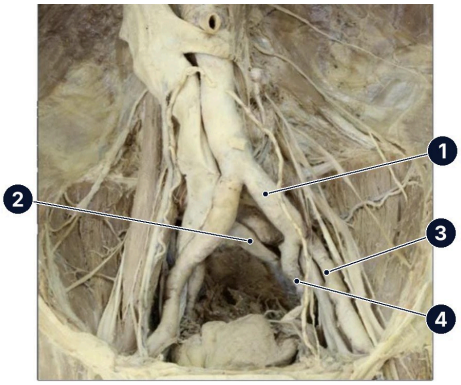

1. Name this vein (give the side).
   Right renal vein
2. Name this structure.
   Abdominal aorta
3. Name this structure.
   Inferior vena cava
4. Name this vessel.
   Common iliac artery
5. Name this vessel.
   External iliac artery

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 6 · ARTERIES

ANSWER KEY

Iliac vessels (cadaver)

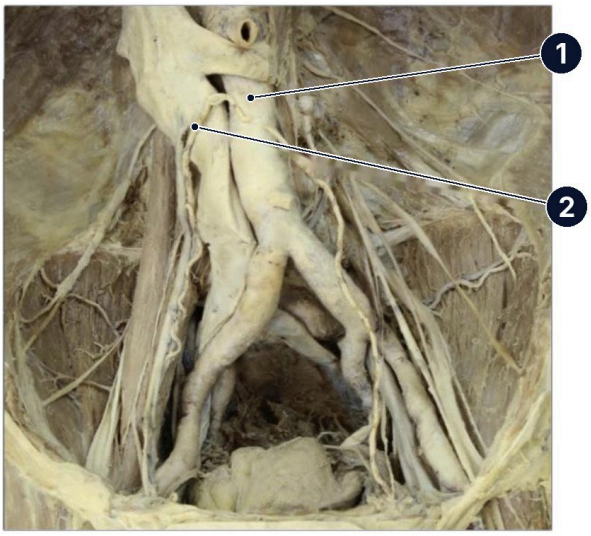

1. Name this vessel.
   Common iliac artery
2. Name this vessel.
   Common iliac vein
3. Name this vessel.
   External iliac artery
4. Name this vessel.
   Internal iliac artery

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 7 · ARTERIES

PRACTICE

Abdominal aorta and gonadal arteries (cadaver)

1. Name this vessel.

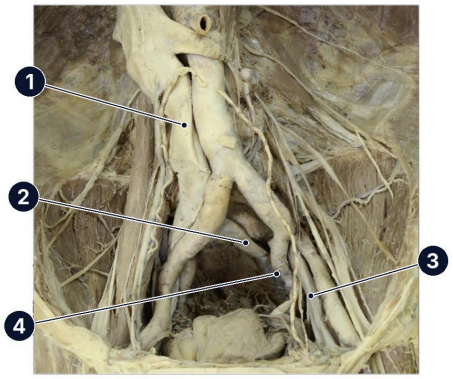

2. Name these vessels.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 8 · VEINS

PRACTICE

Iliac veins (cadaver)

1. Name this vessel.

2. Name this vessel.

3. Name this vessel.

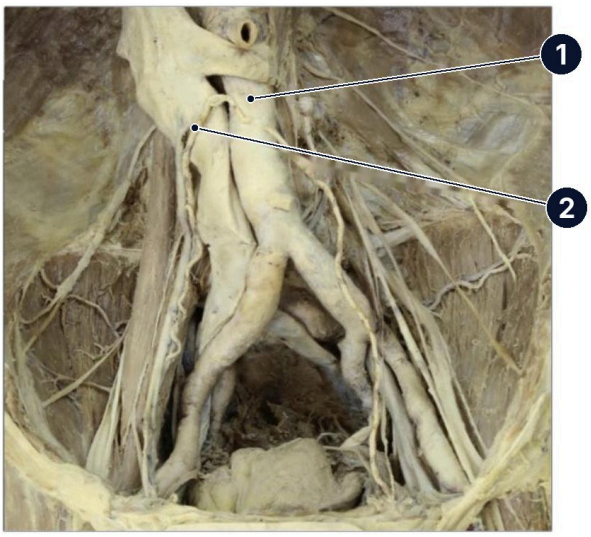

4. Name this vessel.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 7 · ARTERIES

ANSWER KEY

Abdominal aorta and gonadal arteries (cadaver)

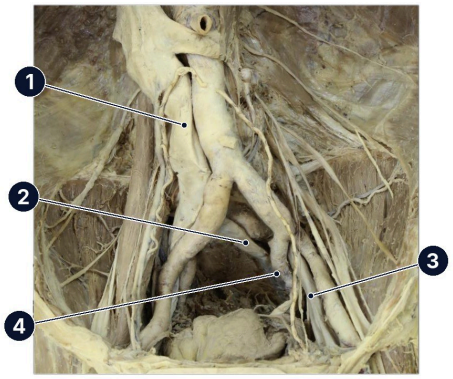

1. Name this vessel.
   Abdominal aorta
2. Name these vessels.
   Gonadal arteries

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · ABDOMINAL AND PELVIC VESSELS · CARD 8 · VEINS

ANSWER KEY

Iliac veins (cadaver)

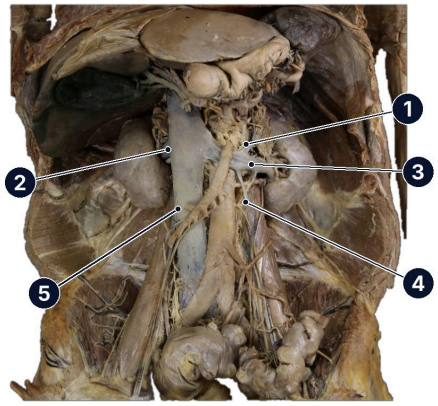

1. Name this vessel.
   Inferior vena cava
2. Name this vessel.
   Common iliac vein
3. Name this vessel.
   External iliac vein
4. Name this vessel.
   Internal iliac vein

Check your answers, then wipe the front clean for the next round.

PRACTICE

Inferior vena cava and its tributaries (cadaver)

1. Name this vessel.

2. Name this vessel.

3. Name this vessel.

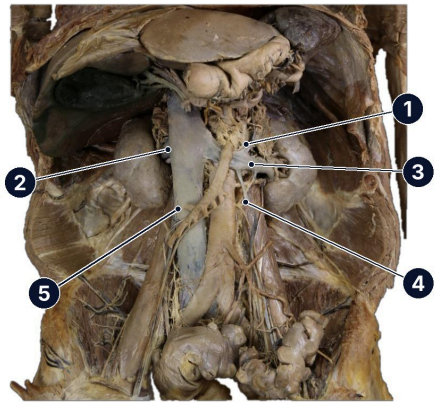

4. Name this vessel.

5. Name this vessel.

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Inferior vena cava and its tributaries (cadaver)

1. Name this vessel.
   Left suprarenal vein
2. Name this vessel.
   Right renal vein
3. Name this vessel.
   Left renal vein
4. Name this vessel.
   Left gonadal vein
5. Name this vessel.
   Right gonadal vein

Check your answers, then wipe the front clean for the next round.
