PRACTICE

Stomach model, interior

1 Name this tube. _____

2 Name this region. _____

3 Name this region. _____

4 Name this sphincter. _____

5 Name this border. _____

6 Name this region. _____

7 Name this region. _____

8 Name this sphincter. _____

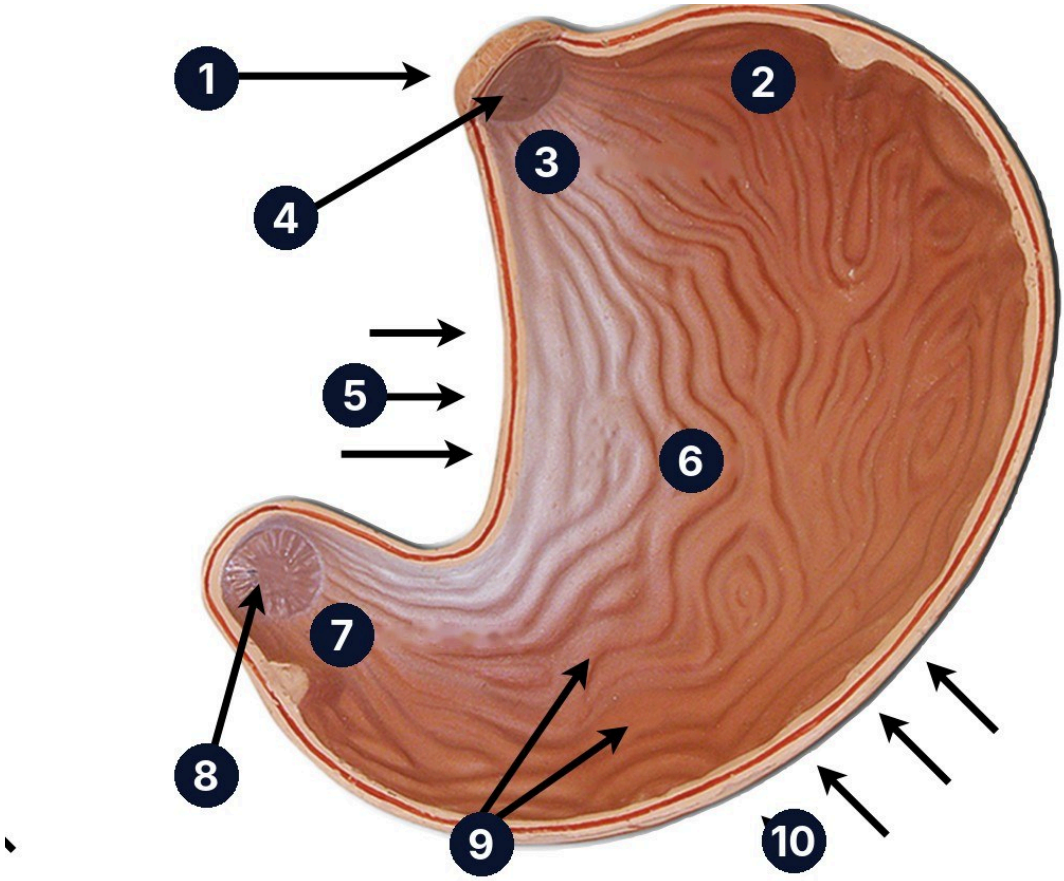

9 Name these folds. _____

10 Name this border. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Stomach model, interior

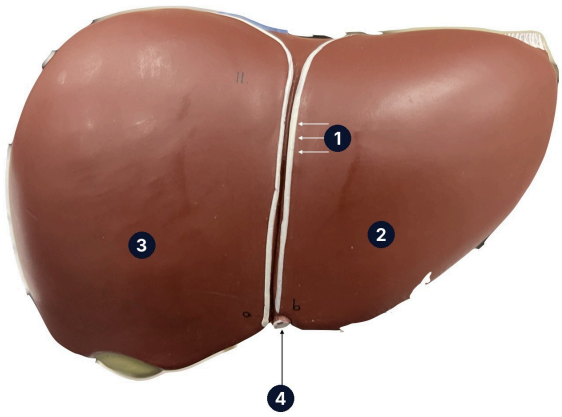

1. Name this tube.
   Esophagus
2. Name this region.
   Fundus
3. Name this region.
   Cardiac region
4. Name this sphincter.
   Cardiac sphincter
5. Name this border.
   Lesser curvature
6. Name this region.
   Body of stomach
7. Name this region.
   Pyloric region
8. Name this sphincter.
   Pyloric sphincter (pylorus)
9. Name these folds.
   Gastric rugae
10. Name this border.
    Greater curvature

Check your answers, then wipe the front clean for the next round.

PRACTICE

Liver model, anterior

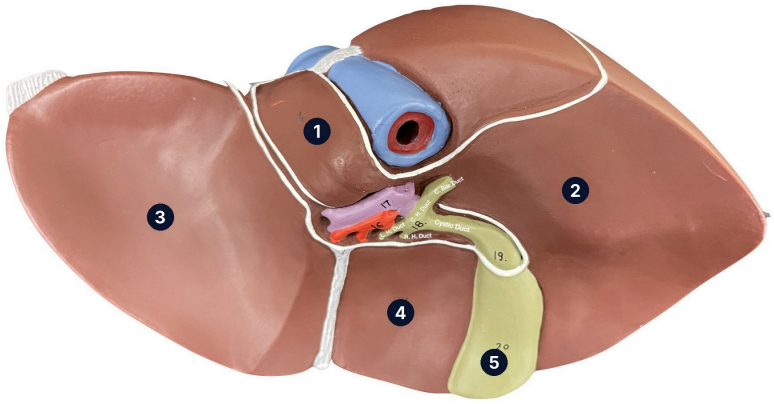

1. Name this ligament. _____
2. Name this lobe. _____
3. Name this lobe. _____
4. Name this cord. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

PRACTICE

Liver model, inferior

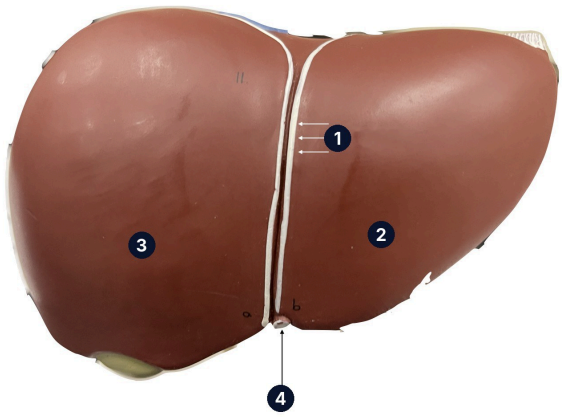

1. Name this lobe. _____
2. Name this lobe. _____
3. Name this lobe. _____
4. Name this lobe. _____
5. Name this organ. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 2 · LIVER AND BILIARY TREE

ANSWER KEY

Liver model, anterior

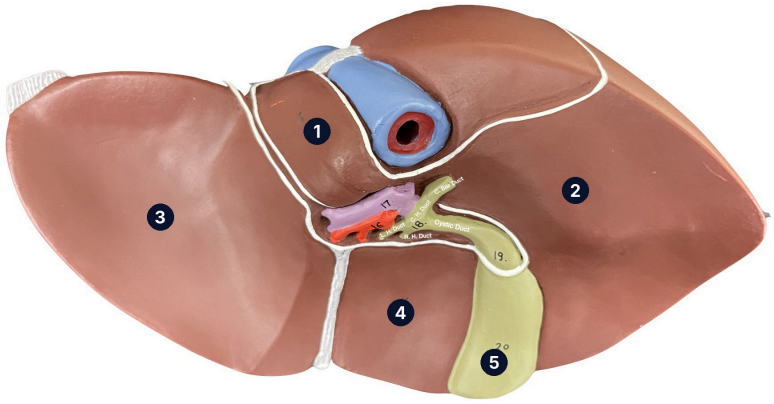

1. Name this ligament.
   Falciform ligament
2. Name this lobe.
   Left lobe of liver
3. Name this lobe.
   Right lobe of liver
4. Name this cord.
   Ligamentum teres (round ligament)

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 3 · LIVER AND BILIARY TREE

ANSWER KEY

Liver model, inferior

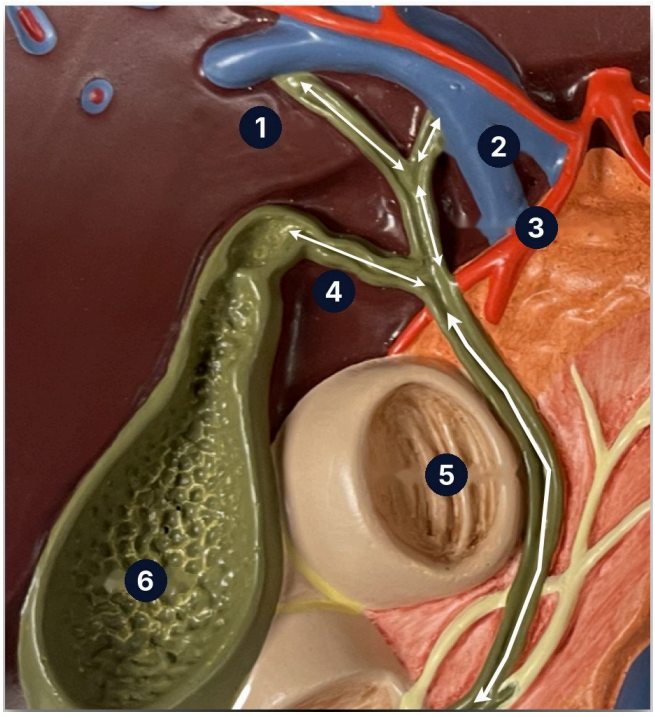

1. Name this lobe.
   Caudate lobe
2. Name this lobe.
   Right lobe of liver
3. Name this lobe.
   Left lobe of liver
4. Name this lobe.
   Quadrate lobe
5. Name this organ.
   Gallbladder

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 4 · LIVER AND BILIARY TREE

PRACTICE

Biliary tree, model

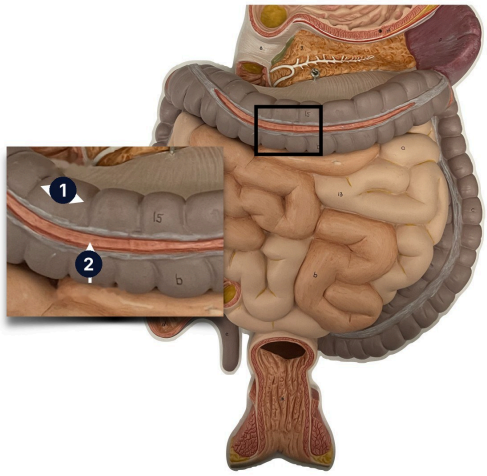

1. Name this structure.
2. Name this structure.
3. Name this structure.
4. Name this structure.
5. Name this structure.
6. Name this organ.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 6 · INTESTINES

PRACTICE

Large intestine surface

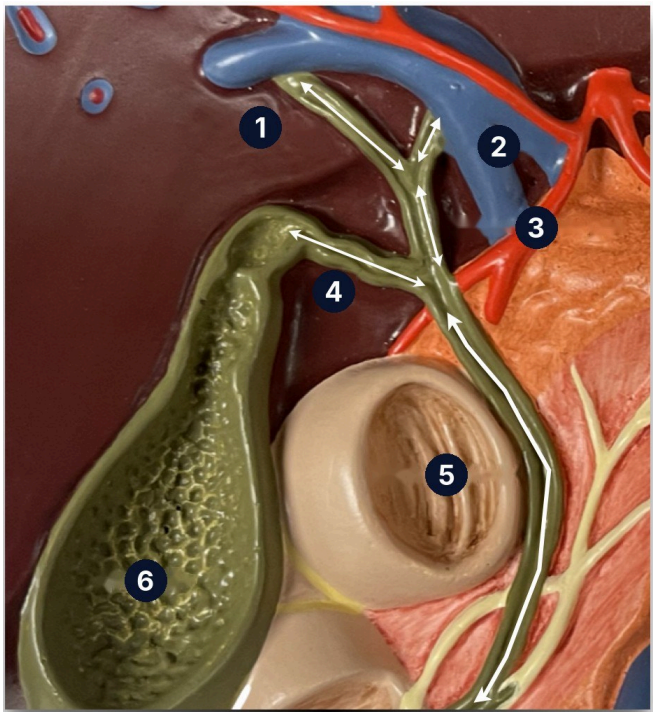

1. Name these pouches.
2. Name this muscle band.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 4 · LIVER AND BILIARY TREE

ANSWER KEY

Biliary tree, model

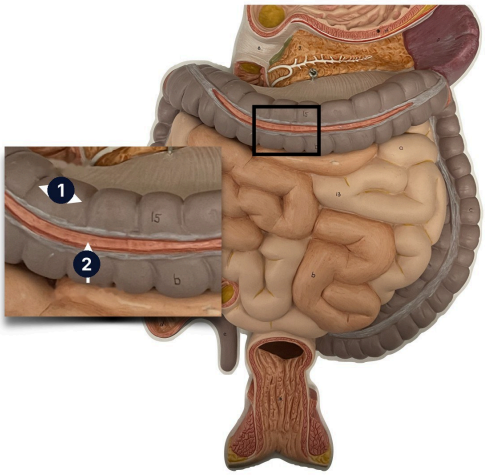

1. Name this structure.
   Right hepatic duct
2. Name this structure.
   Left hepatic duct
3. Name this structure.
   Common hepatic duct
4. Name this structure.
   Cystic duct
5. Name this structure.
   Common bile duct
6. Name this organ.
   Gallbladder

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 6 · INTESTINES

ANSWER KEY

Large intestine surface

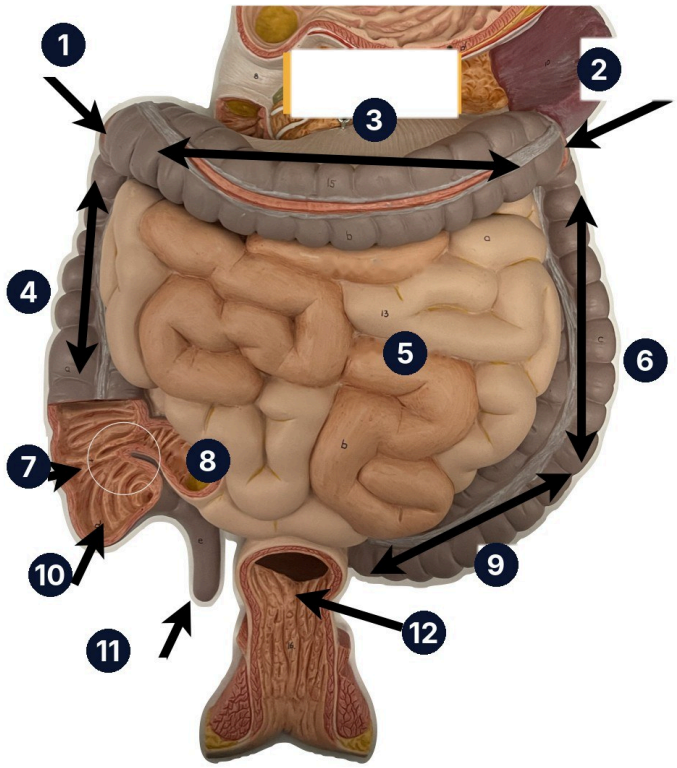

1. Name these pouches.
   Haustra
2. Name this muscle band.
   Teniae coli

Check your answers, then wipe the front clean for the next round.

PRACTICE

Intestines model

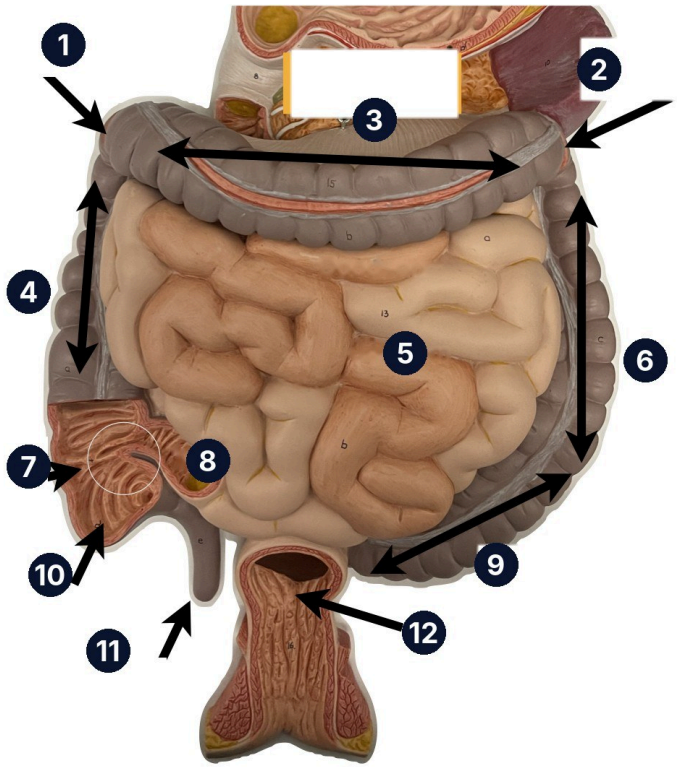

1. Name this bend.
2. Name this bend.
3. Name this part of the colon.
4. Name this part of the colon.
5. Name this part of the small intestine.
6. Name this part of the colon.
7. Name this valve.
8. Name this part of the small intestine.
9. Name this part of the colon.
10. Name this pouch.
11. Name this narrow tube.
12. Name this part.

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Intestines model

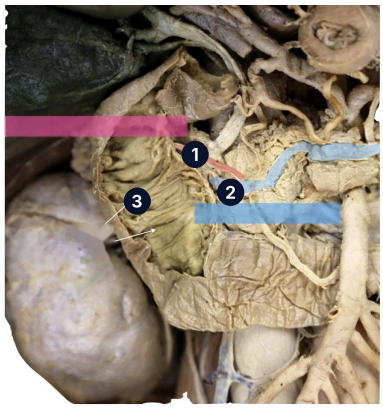

1. Name this bend.
   Hepatic flexure (right colic flexure)
2. Name this bend.
   Splenic flexure (left colic flexure)
3. Name this part of the colon.
   Transverse colon
4. Name this part of the colon.
   Ascending colon
5. Name this part of the small intestine.
   Jejunum
6. Name this part of the colon.
   Descending colon
7. Name this valve.
   Ileocecal valve
8. Name this part of the small intestine.
   Ileum
9. Name this part of the colon.
   Sigmoid colon
10. Name this pouch.
    Cecum
11. Name this narrow tube.
    Vermiform appendix
12. Name this part.
    Rectum

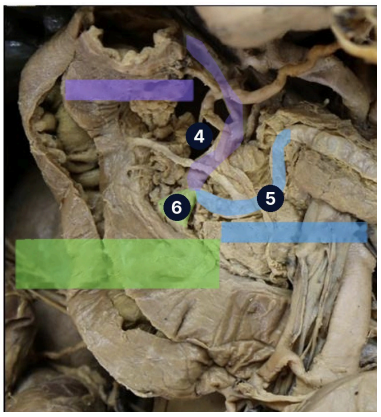

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 7 · PANCREAS

PRACTICE

Pancreatic ducts, cadaver

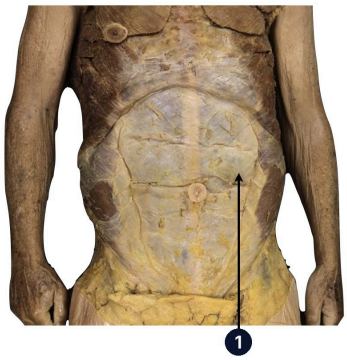

1. Name the pink duct.
2. Name the blue duct.
3. Name these folds.
4. Name the purple duct.
5. Name the blue duct.
6. Name the green area where the ducts join.

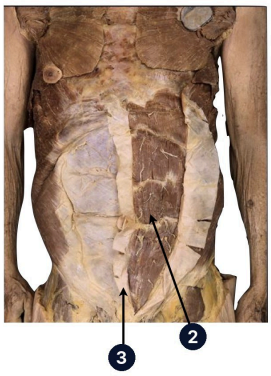

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 8 · ABDOMINAL WALL AND PERITONEUM

PRACTICE

Anterior abdominal wall, cadaver

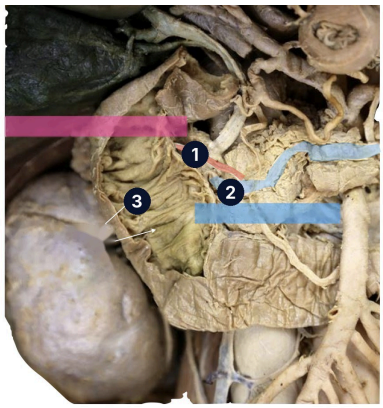

1. Name this covering.
2. Name this muscle.
3. Name this white line.

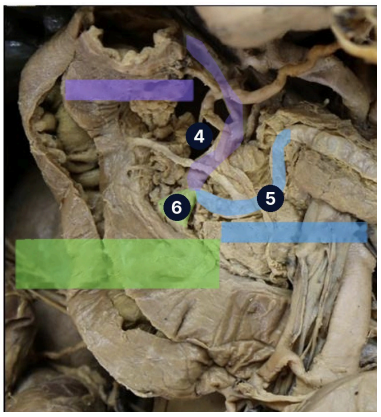

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 7 · PANCREAS

ANSWER KEY

Pancreatic ducts, cadaver

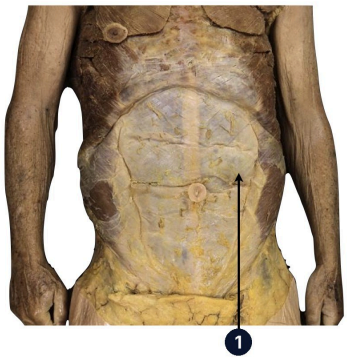

1. Name the pink duct.
   Accessory pancreatic duct
2. Name the blue duct.
   Main pancreatic duct
3. Name these folds.
   Plicae circulares
4. Name the purple duct.
   Common bile duct
5. Name the blue duct.
   Main pancreatic duct
6. Name the green area where the ducts join.
   Hepatopancreatic ampulla

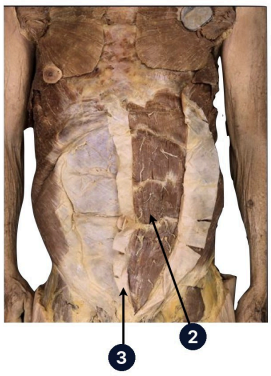

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 8 · ABDOMINAL WALL AND PERITONEUM

ANSWER KEY

Anterior abdominal wall, cadaver

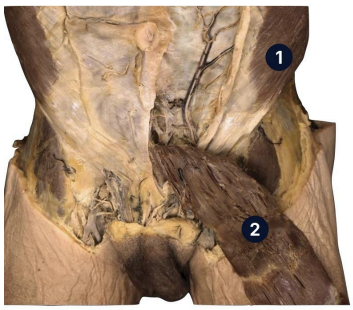

1. Name this covering.
   Rectus sheath
2. Name this muscle.
   Rectus abdominis
3. Name this white line.
   Linea alba

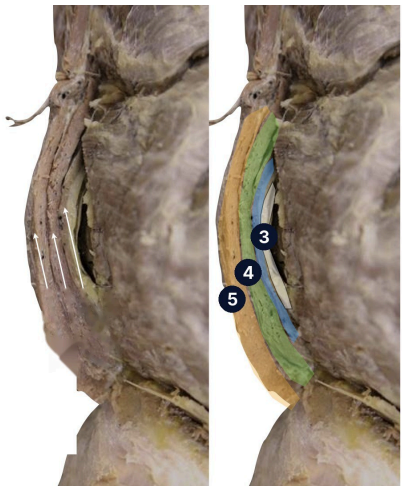

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 9 · ABDOMINAL WALL AND PERITONEUM

PRACTICE

Abdominal wall muscles

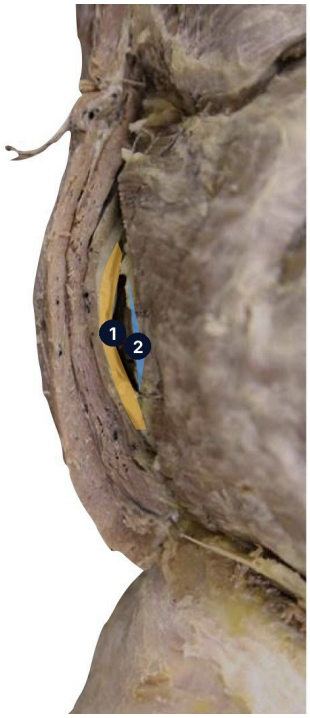

1. Name this muscle. _____
2. Name this muscle. _____
3. Name this muscle. _____
4. Name this muscle. _____
5. Name this muscle. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 10 · ABDOMINAL WALL AND PERITONEUM

PRACTICE

Peritoneum

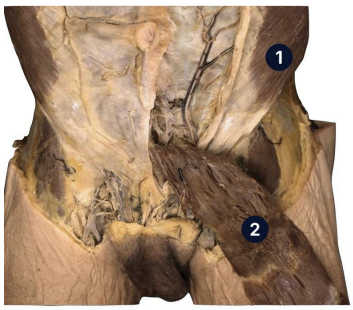

1. Name the yellow layer (lines the wall). _____
2. Name the blue layer (covers the organs). _____

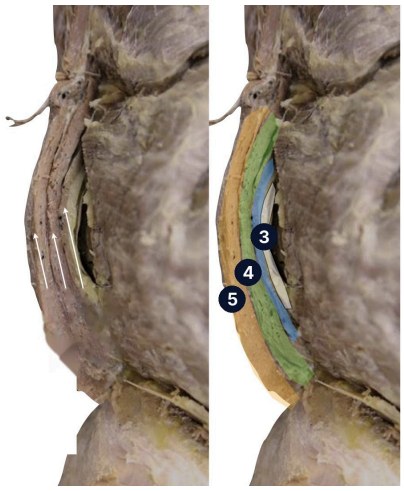

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 9 · ABDOMINAL WALL AND PERITONEUM

ANSWER KEY

Abdominal wall muscles

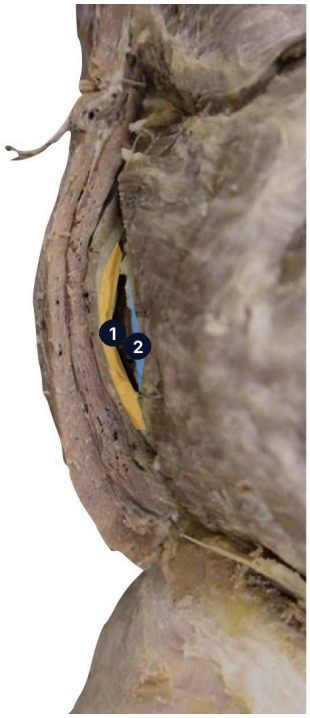

1. Name this muscle.
   External abdominal oblique
2. Name this muscle.
   Rectus abdominis
3. Name this muscle.
   Transversus abdominis
4. Name this muscle.
   Internal abdominal oblique
5. Name this muscle.
   External abdominal oblique

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 10 · ABDOMINAL WALL AND PERITONEUM

ANSWER KEY

Peritoneum

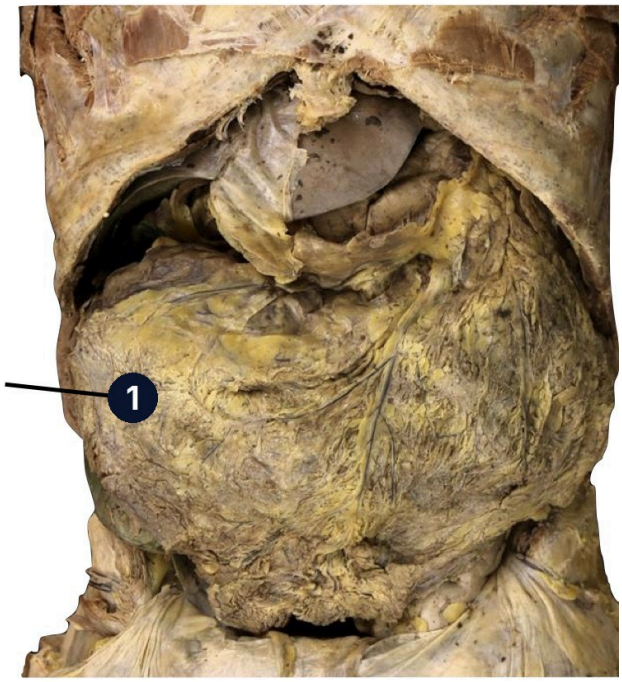

1. Name the yellow layer (lines the wall).
   Parietal peritoneum
2. Name the blue layer (covers the organs).
   Visceral peritoneum

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 11 · ABDOMINAL WALL AND PERITONEUM

PRACTICE

Greater omentum, cadaver

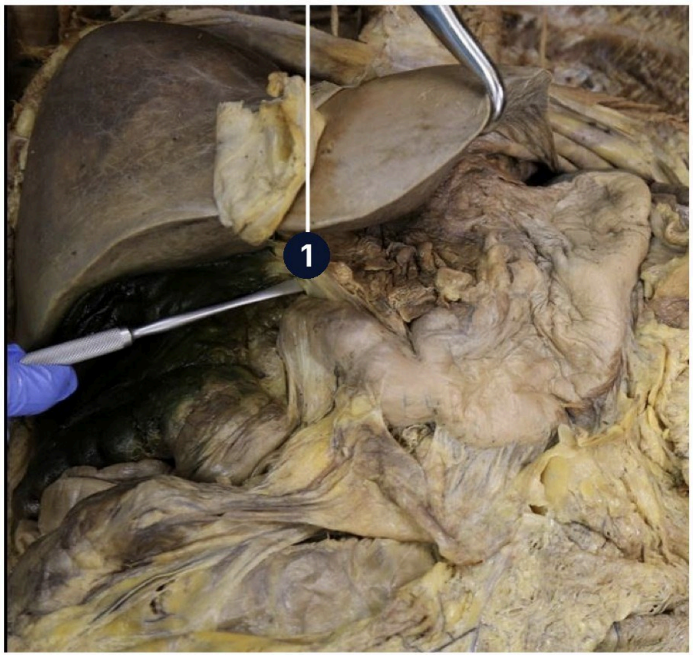

1 Name this fatty apron.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 12 · ABDOMINAL WALL AND PERITONEUM

PRACTICE

Lesser omentum, cadaver

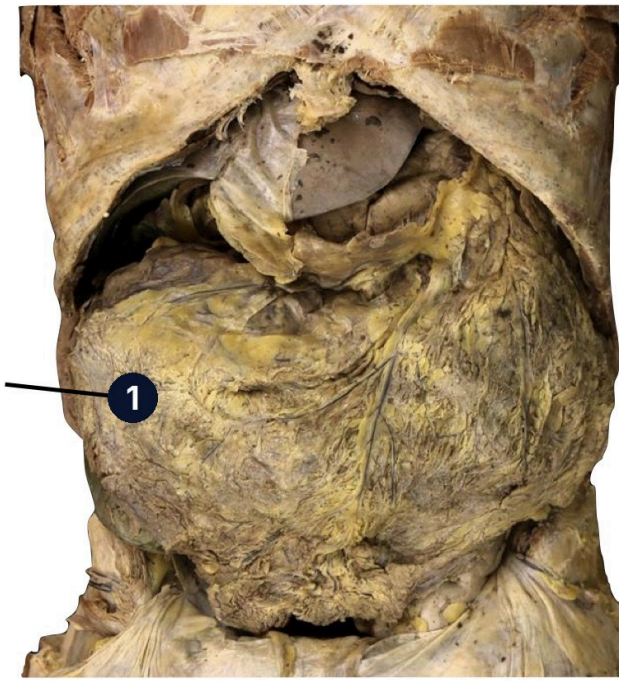

1 Name this membrane at the arrow tip.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 11 · ABDOMINAL WALL AND PERITONEUM

ANSWER KEY

Greater omentum, cadaver

1 Name this fatty apron.

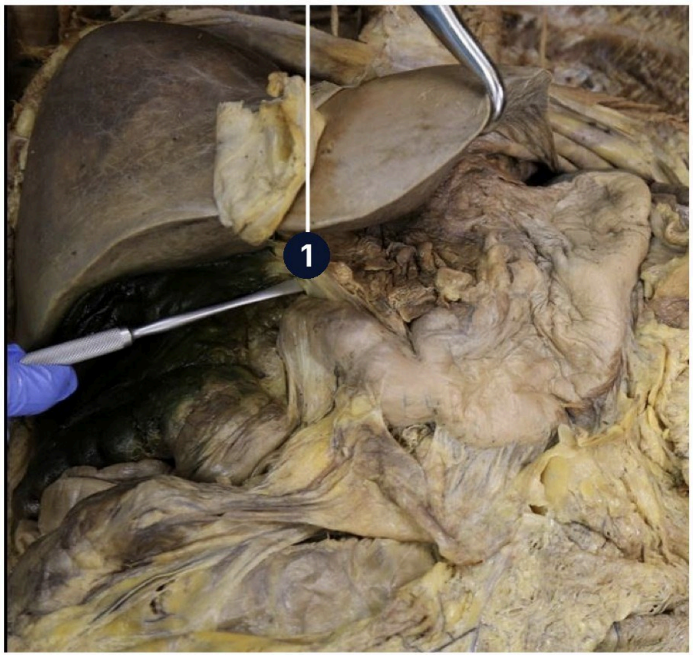

Greater omentum

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 12 · ABDOMINAL WALL AND PERITONEUM

ANSWER KEY

Lesser omentum, cadaver

1 Name this membrane at the arrow tip.

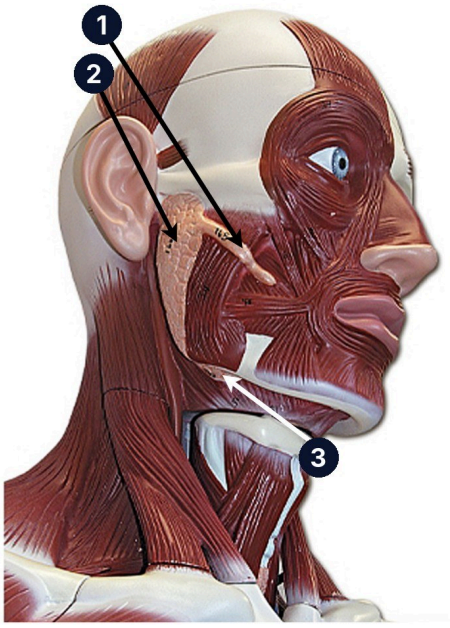

Lesser omentum

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 13 · SALIVARY GLANDS

PRACTICE

Salivary glands, model

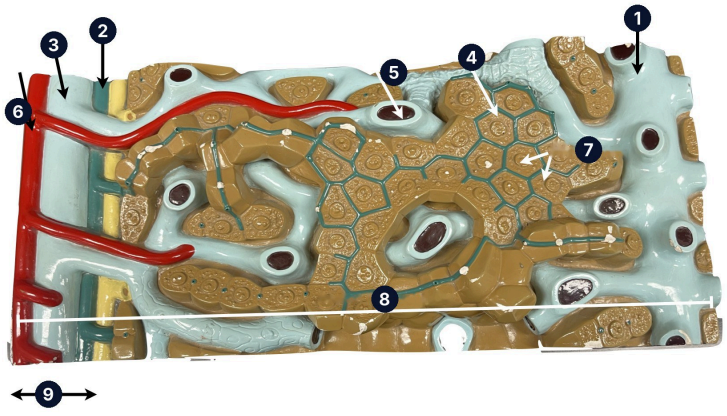

1. Name this duct.
2. Name this gland.
3. Name this gland.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 14 · LIVER AND BILIARY TREE

PRACTICE

Liver lobule model

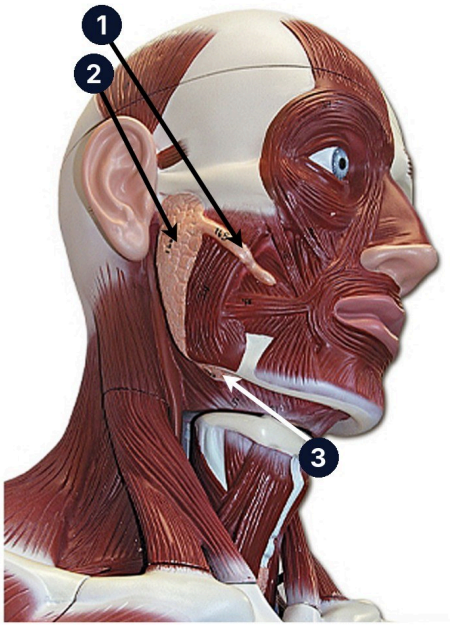

1. Name this vessel.
2. Name this duct.
3. Name this vessel.
4. Name these tiny channels.
5. Name these channels.
6. Name this vessel.
7. Name these liver cells.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 13 · SALIVARY GLANDS

ANSWER KEY

Salivary glands, model

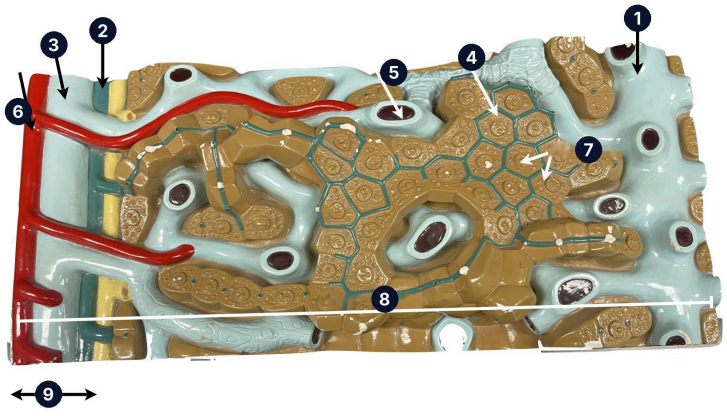

1. Name this duct.
   Parotid duct
2. Name this gland.
   Parotid gland
3. Name this gland.
   Submandibular gland

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 14 · LIVER AND BILIARY TREE

ANSWER KEY

Liver lobule model

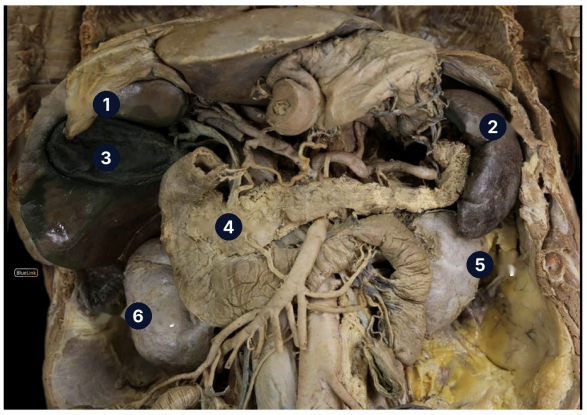

1. Name this vessel.
   Central vein
2. Name this duct.
   Bile duct
3. Name this vessel.
   Branch of hepatic portal vein
4. Name these tiny channels.
   Bile canaliculi
5. Name these channels.
   Liver sinusoids
6. Name this vessel.
   Branch of hepatic artery proper
7. Name these liver cells.
   Hepatocytes
8. Name the unit marked by the white line.
   Liver lobule
9. Name this group at the corner.

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 15 · ABDOMINAL ORGANS

PRACTICE

Major organs of the abdomen, cadaver

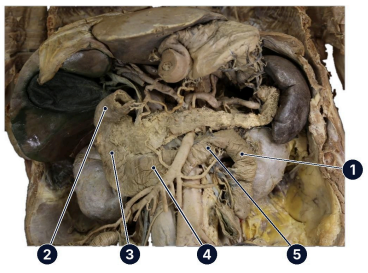

1. Name this lobe.
2. Name this organ.
3. Name this organ.
4. Name this organ.
5. Name this organ (give the side).
6. Name this organ (give the side).

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 16 · INTESTINES

PRACTICE

Duodenum, four parts (cadaver)

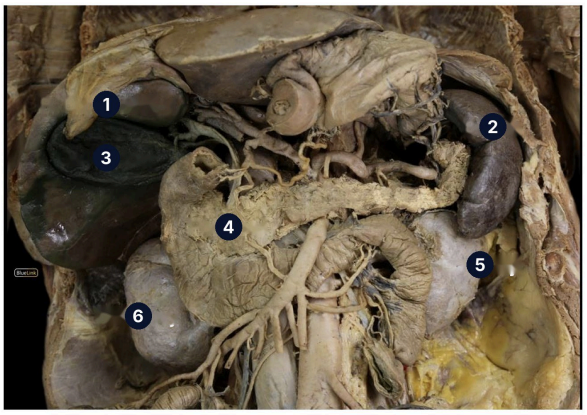

1. Name this part of the small intestine.
2. Name this part of the duodenum.
3. Name this part of the duodenum.
4. Name this part of the duodenum.
5. Name this part of the duodenum.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 15 · ABDOMINAL ORGANS

ANSWER KEY

Major organs of the abdomen, cadaver

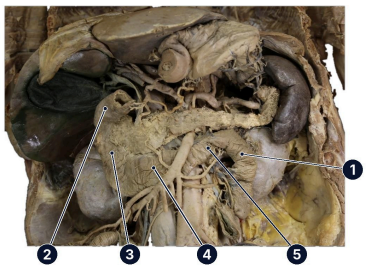

1. Name this lobe.
   Right lobe of liver
2. Name this organ.
   Spleen
3. Name this organ.
   Gallbladder
4. Name this organ.
   Pancreas
5. Name this organ (give the side).
   Left kidney
6. Name this organ (give the side).
   Right kidney

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 16 · INTESTINES

ANSWER KEY

Duodenum, four parts (cadaver)

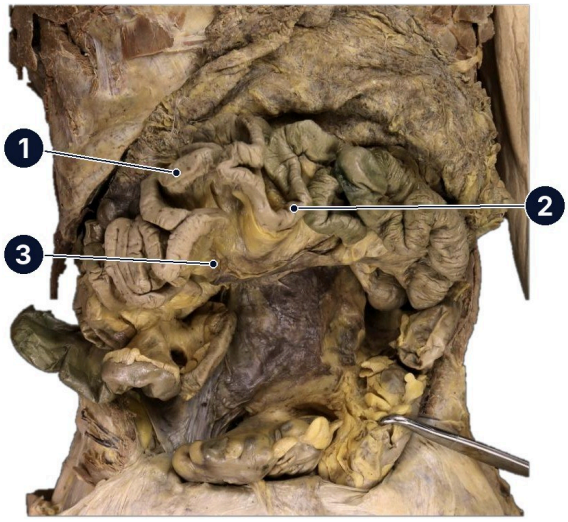

1. Name this part of the small intestine.
   Jejunum
2. Name this part of the duodenum.
   Superior part of the duodenum
3. Name this part of the duodenum.
   Descending part of the duodenum
4. Name this part of the duodenum.
   Inferior (horizontal) part of the duodenum
5. Name this part of the duodenum.
   Ascending part of the duodenum

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 17 · INTESTINES

PRACTICE

Mesentery of the small intestine (cadaver)

1. Name this part of the small intestine.

2. Name this part of the small intestine.

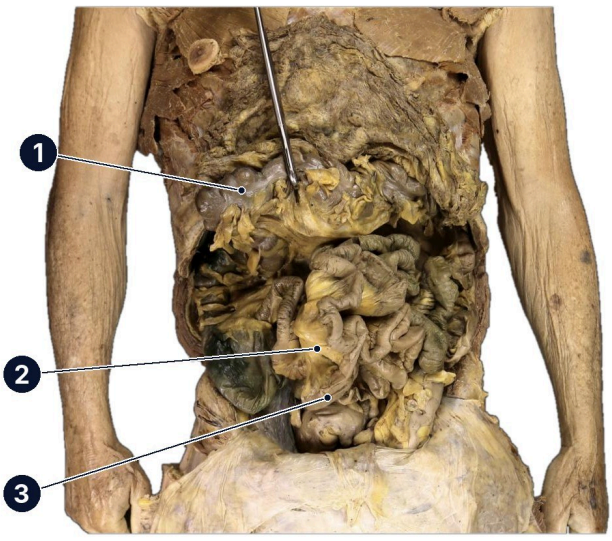

3. Name this structure that holds the small intestine.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 18 · INTESTINES

PRACTICE

Small intestine and mesentery, transverse colon lifted (cadaver)

1. Name this part of the large intestine.

2. Name this structure that holds the small intestine.

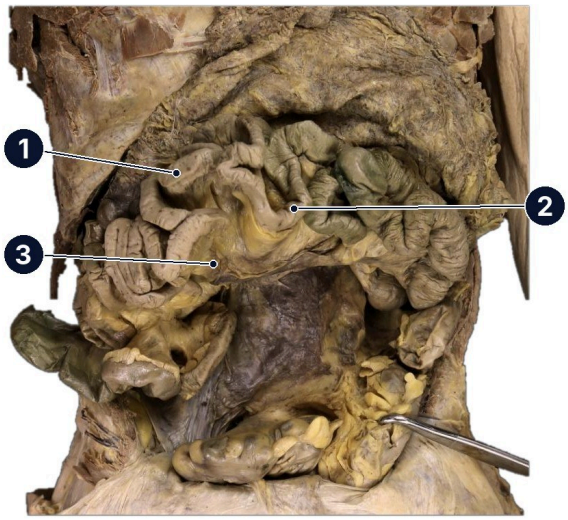

3. Name this organ.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 17 · INTESTINES

ANSWER KEY

Mesentery of the small intestine (cadaver)

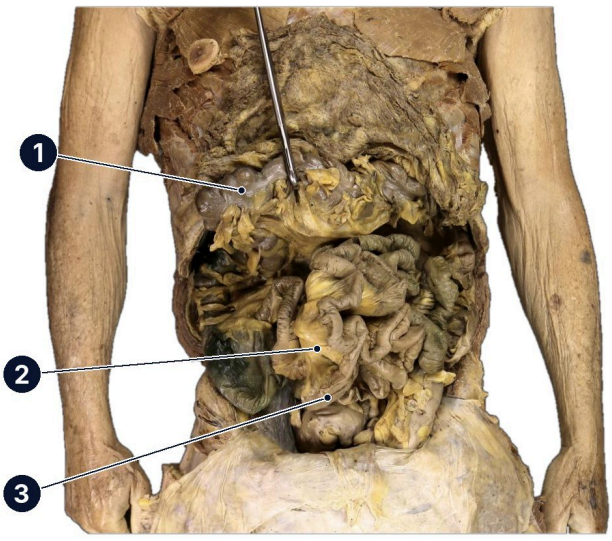

1. Name this part of the small intestine.
   Ileum
2. Name this part of the small intestine.
   Jejunum
3. Name this structure that holds the small intestine.
   Mesentery

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · DIGESTIVE SYSTEM AND ABDOMINAL WALL · CARD 18 · INTESTINES

ANSWER KEY

Small intestine and mesentery, transverse colon lifted (cadaver)

1. Name this part of the large intestine.
   Transverse colon
2. Name this structure that holds the small intestine.
   Mesentery
3. Name this organ.
   Small intestine

Check your answers, then wipe the front clean for the next round.
