PRACTICE

Larynx, posterior view

1 Name this flap at the top.

2 Name this small cartilage.

3 Name this cartilage.

4 Name this small cartilage.

5 Name this cartilage.

6 Name this muscle.

7 Name this cartilage.

8 Name this gland.

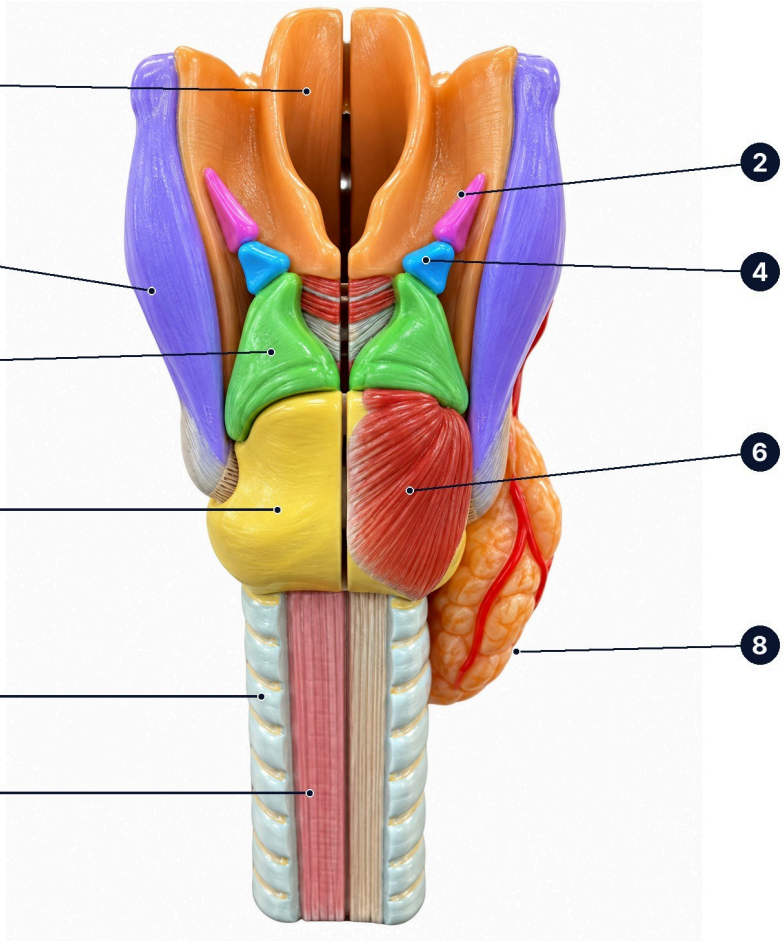

9 Name these rings.

10 Name this muscle.

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Larynx, posterior view

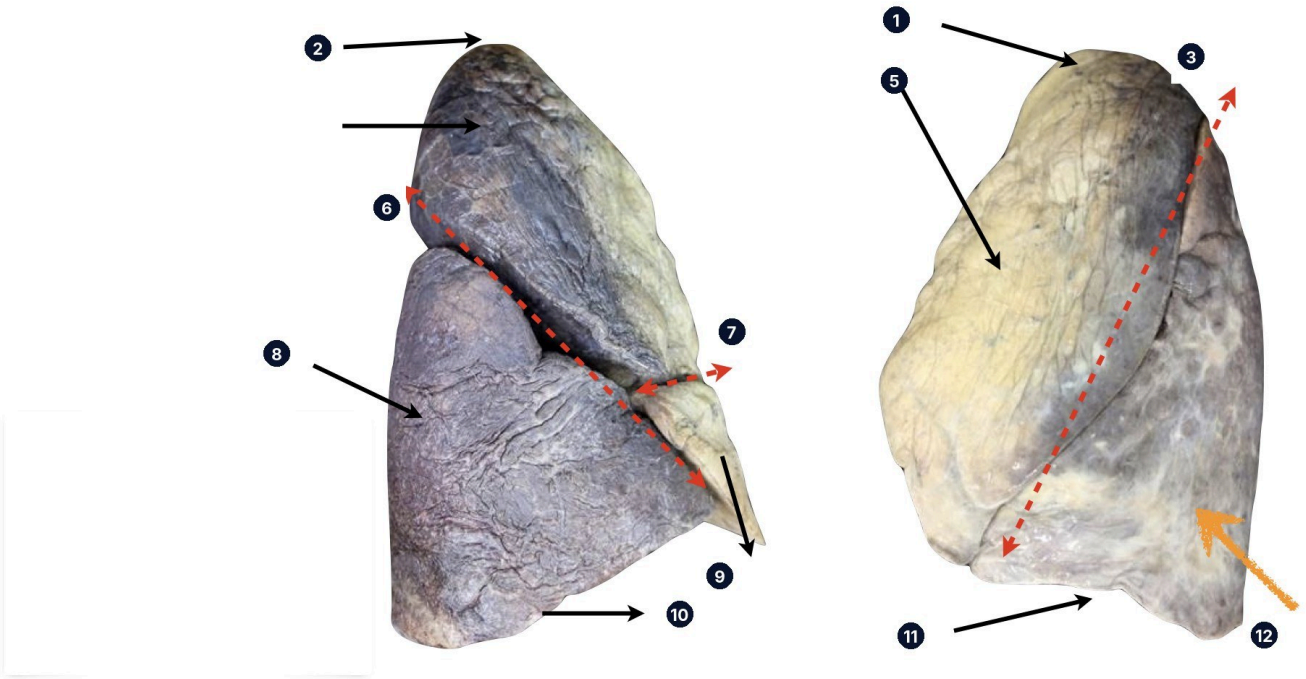

1. Name this flap at the top.
   Epiglottis
2. Name this small cartilage.
   Cuneiform cartilage
3. Name this cartilage.
   Thyroid cartilage
4. Name this small cartilage.
   Corniculate cartilage
5. Name this cartilage.
   Arytenoid cartilage
6. Name this muscle.
   Posterior cricoarytenoid muscle
7. Name this cartilage.
   Cricoid cartilage
8. Name this gland.
   Thyroid gland
9. Name these rings.
   Tracheal cartilage (C-ring)
10. Name this muscle.
    Trachealis muscle

Check your answers, then wipe the front clean for the next round.

Lobes of the lungs

PRACTICE

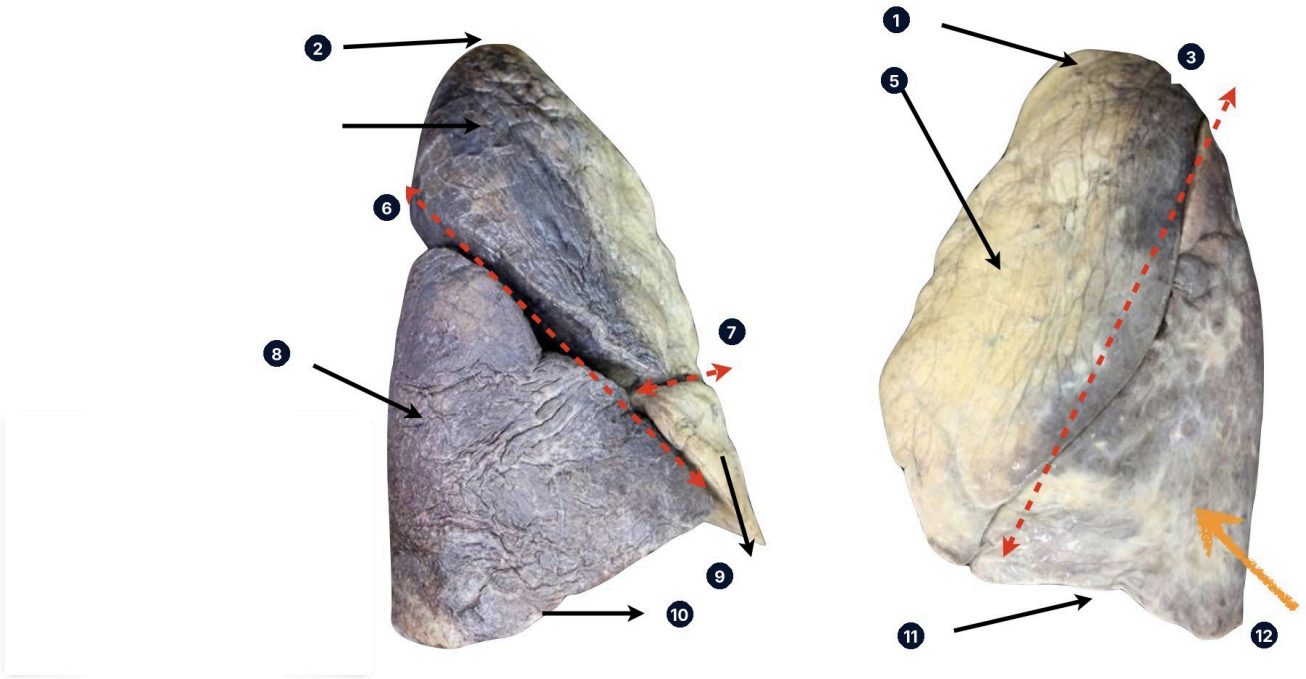

1. Name this structure.
2. Name this structure.
3. Name this fissure.
4. Name this lobe.
5. Name this lobe.
6. Name this fissure.
7. Name this fissure.
8. Name this lobe.
9. Name this lobe.
10. Name this structure.
11. Name this structure.
12. Name this lobe.

Write each answer on its line with a dry-erase marker, then flip the card to check.

Lobes of the lungs

ANSWER KEY

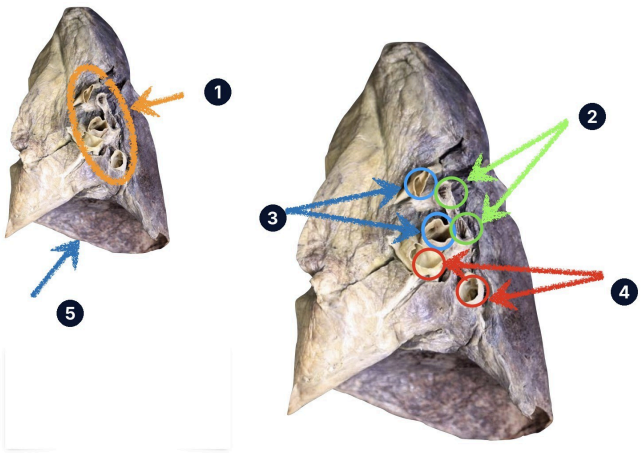

1. Name this structure.
   Apex
2. Name this structure.
   Apex
3. Name this fissure.
   Oblique fissure
4. Name this lobe.
   Superior lobe
5. Name this lobe.
   Superior lobe
6. Name this fissure.
   Oblique fissure
7. Name this fissure.
   Horizontal fissure
8. Name this lobe.
   Inferior lobe
9. Name this lobe.
   Middle lobe
10. Name this structure.
    Base
11. Name this structure.
    Base
12. Name this lobe.
    Inferior lobe

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 3 · LUNGS

Right lung, medial view

PRACTICE

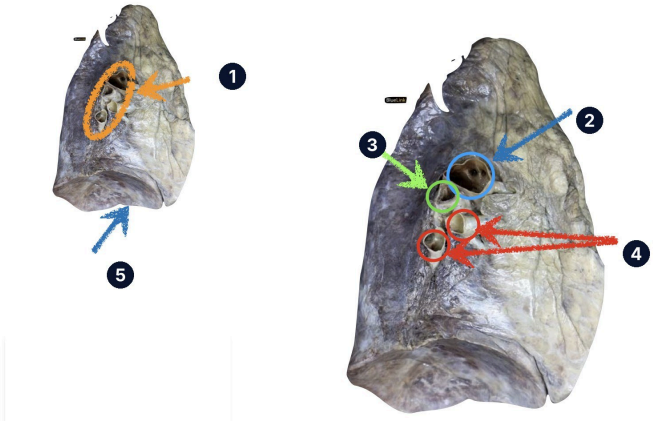

1. Name this area where vessels enter.
2. Name the airways in the green circles.
3. Name the vessels in the blue circles.
4. Name the vessels in the red circles.
5. Name this surface.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 4 · LUNGS

Left lung, medial view

PRACTICE

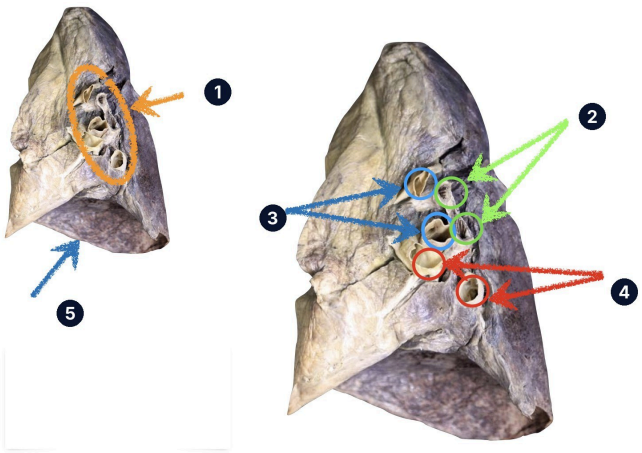

1. Name this area where vessels enter.
2. Name the vessel in the blue circle.
3. Name the airway in the green circle.
4. Name the vessels in the red circles.
5. Name this surface.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 3 · LUNGS

Right lung, medial view

ANSWER KEY

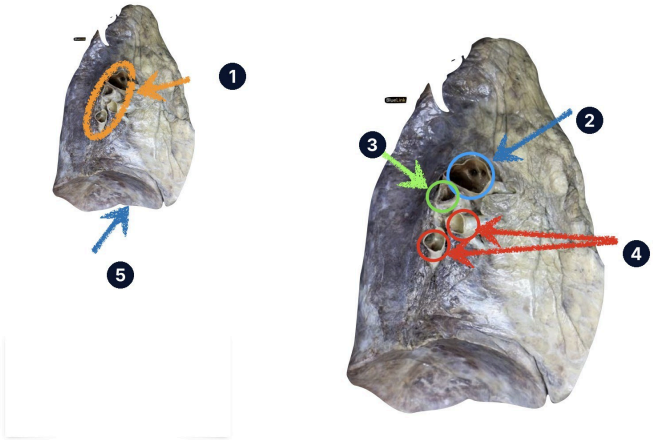

1. Name this area where vessels enter.
   Hilum
2. Name the airways in the green circles.
   Bronchi
3. Name the vessels in the blue circles.
   Pulmonary arteries
4. Name the vessels in the red circles.
   Pulmonary veins
5. Name this surface.
   Diaphragmatic surface

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 4 · LUNGS

Left lung, medial view

ANSWER KEY

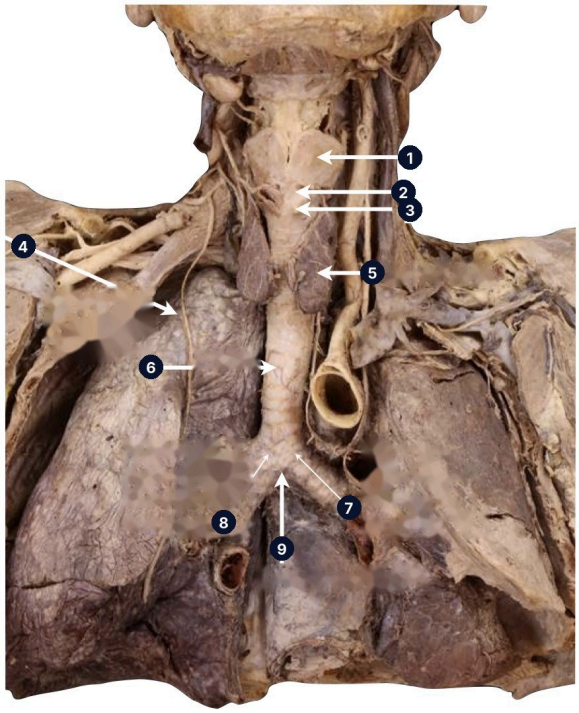

1. Name this area where vessels enter.
   Hilum
2. Name the vessel in the blue circle.
   Pulmonary arteries
3. Name the airway in the green circle.
   Bronchi
4. Name the vessels in the red circles.
   Pulmonary veins
5. Name this surface.
   Diaphragmatic surface

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 5 · TRACHEA AND BRONCHI

PRACTICE

Neck and thorax, anterior

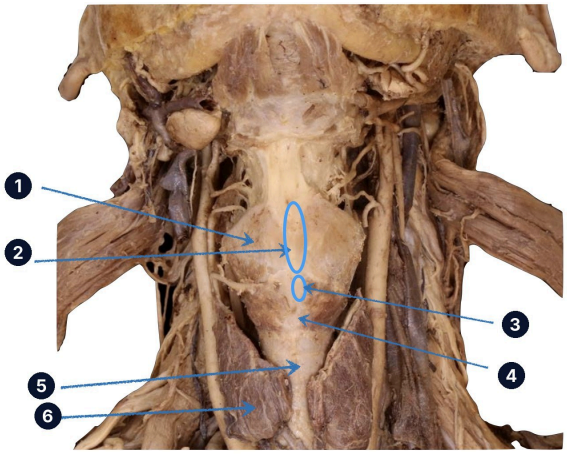

1. Name this cartilage. _____
2. Name this membrane. _____
3. Name this cartilage. _____
4. Name this nerve. _____
5. Name this gland. _____
6. Name this tube. _____
7. Name this airway. _____
8. Name this airway. _____
9. Name this ridge where the trachea splits. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 6 · TRACHEA AND BRONCHI

PRACTICE

Larynx and trachea, anterior

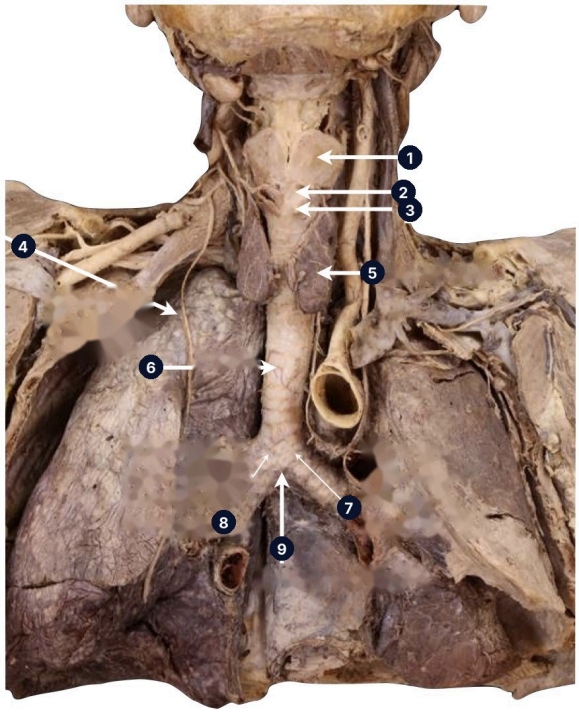

1. Name this cartilage. _____
2. Name this bump. _____
3. Name this membrane. _____
4. Name this cartilage. _____
5. Name this tube. _____
6. Name this gland. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Neck and thorax, anterior

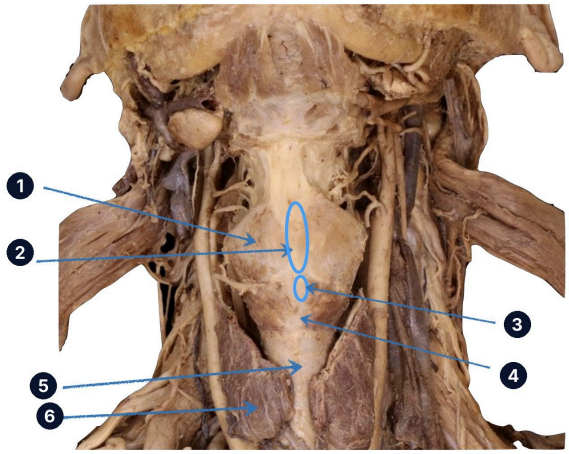

1. Name this cartilage.
   Thyroid cartilage
2. Name this membrane.
   Cricothyroid membrane
3. Name this cartilage.
   Cricoid cartilage
4. Name this nerve.
   Phrenic nerve
5. Name this gland.
   Thyroid gland
6. Name this tube.
   Trachea
7. Name this airway.
   Left primary bronchus
8. Name this airway.
   Right primary bronchus
9. Name this ridge where the trachea splits.
   Carina

Check your answers, then wipe the front clean for the next round.

ANSWER KEY

Larynx and trachea, anterior

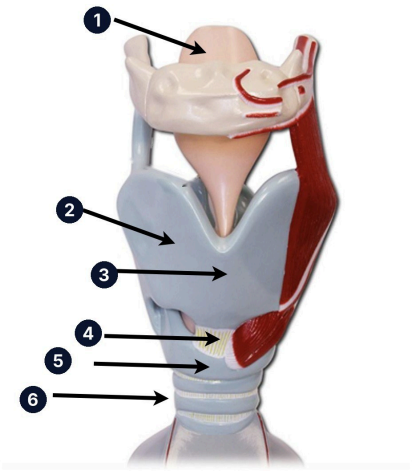

1. Name this cartilage.
   Thyroid cartilage
2. Name this bump.
   Laryngeal prominence
3. Name this membrane.
   Cricothyroid membrane
4. Name this cartilage.
   Cricoid cartilage
5. Name this tube.
   Trachea
6. Name this gland.
   Thyroid gland

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 7 · LARYNX

Larynx model, anterior

PRACTICE

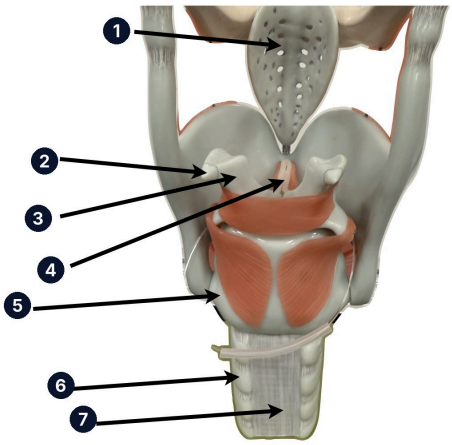

1. Name this flap.
2. Name this cartilage. _____
3. Name this bump. _____
4. Name this membrane. _____
5. Name this cartilage. _____
6. Name this tube. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 8 · LARYNX

Larynx model, posterior

PRACTICE

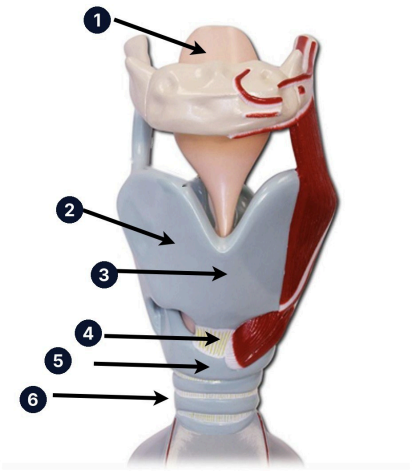

1. Name this flap.
2. Name this cartilage. _____
3. Name this cartilage. _____
4. Name these folds. _____
5. Name this cartilage. _____
6. Name these rings. _____
7. Name this muscle. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 7 · LARYNX

Larynx model, anterior

ANSWER KEY

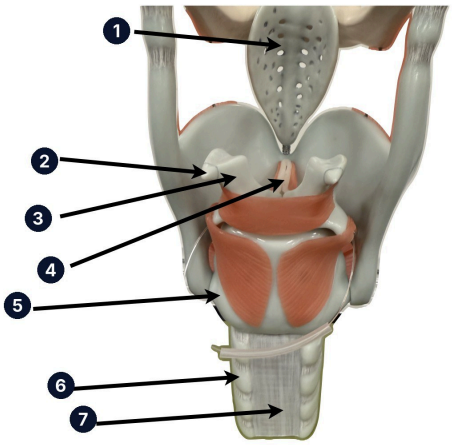

1. Name this flap.
   Epiglottis
2. Name this cartilage.
   Thyroid cartilage
3. Name this bump.
   Laryngeal prominence
4. Name this membrane.
   Cricothyroid membrane
5. Name this cartilage.
   Cricoid cartilage
6. Name this tube.
   Trachea

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 8 · LARYNX

Larynx model, posterior

ANSWER KEY

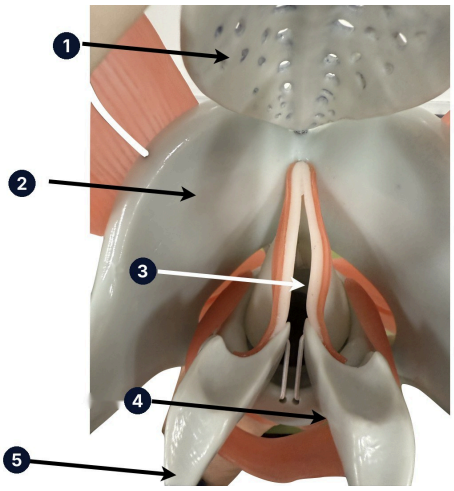

1. Name this flap.
   Epiglottis
2. Name this cartilage.
   Corniculate cartilage
3. Name this cartilage.
   Arytenoid cartilage
4. Name these folds.
   Vocal folds
5. Name this cartilage.
   Cricoid cartilage
6. Name these rings.
   Tracheal cartilages (C-rings)
7. Name this muscle.
   Trachealis muscle

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 9 · LARYNX

Larynx model, superior

PRACTICE

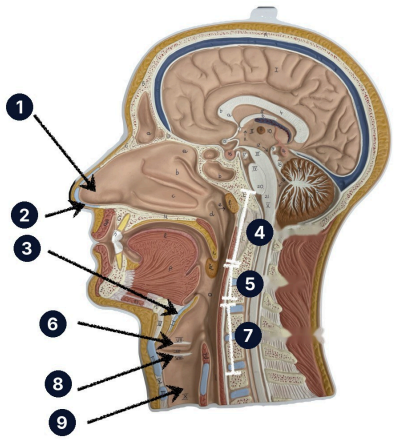

1. Name this flap.
2. Name this cartilage.
3. Name the vocal folds and the opening between them.
4. Name this cartilage.
5. Name this cartilage.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 11 · NASAL CAVITY AND PHARYNX

Head, midsagittal: nasal cavity and pharynx

PRACTICE

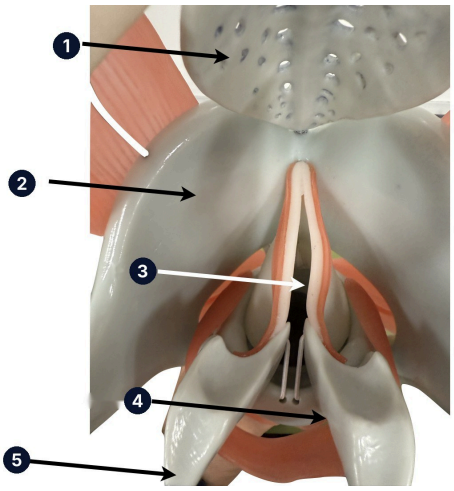

1. Name this space.
2. Name these openings.
3. Name this flap.
4. Name this region of the pharynx.
5. Name this region of the pharynx.
6. Name these folds.
7. Name this region of the pharynx.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 9 · LARYNX

Larynx model, superior

ANSWER KEY

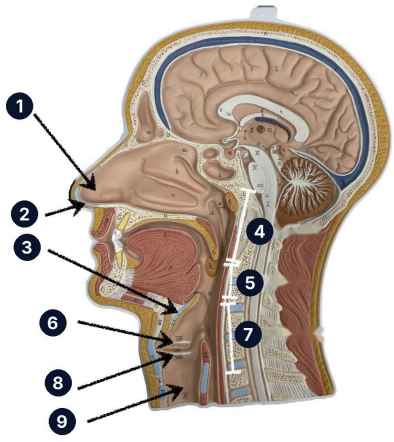

1. Name this flap.
   Epiglottis
2. Name this cartilage.
   Thyroid cartilage
3. Name the vocal folds and the opening between them.
   Glottis
4. Name this cartilage.
   Arytenoid cartilage
5. Name this cartilage.
   Corniculate cartilage

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 11 · NASAL CAVITY AND PHARYNX

Head, midsagittal: nasal cavity and pharynx

ANSWER KEY

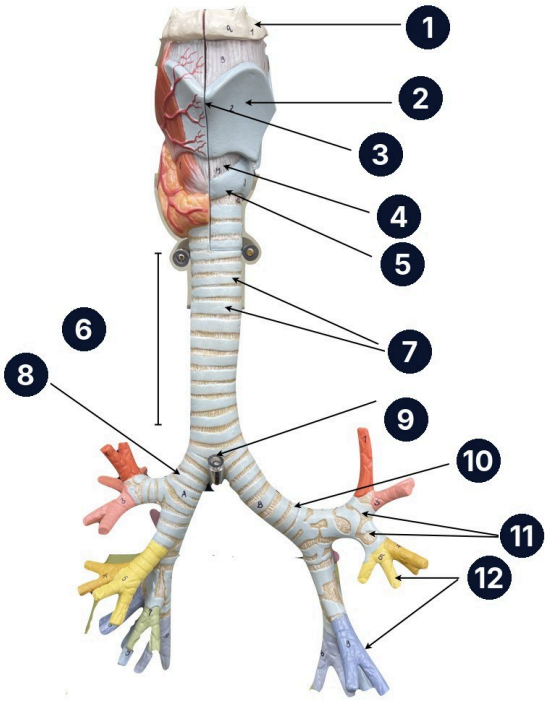

1. Name this space.
   Nasal cavity
2. Name these openings.
   External nares
3. Name this flap.
   Epiglottis
4. Name this region of the pharynx.
   Nasopharynx
5. Name this region of the pharynx.
   Oropharynx
6. Name these folds.
   Vestibular folds (false vocal folds)
7. Name this region of the pharynx.
   Laryngopharynx
8. Name these folds.
   Vocal folds (true vocal cords)
9. Name this organ

Check your answers, then wipe the front clean for the next round.

PRACTICE

Larynx, trachea and bronchial tree

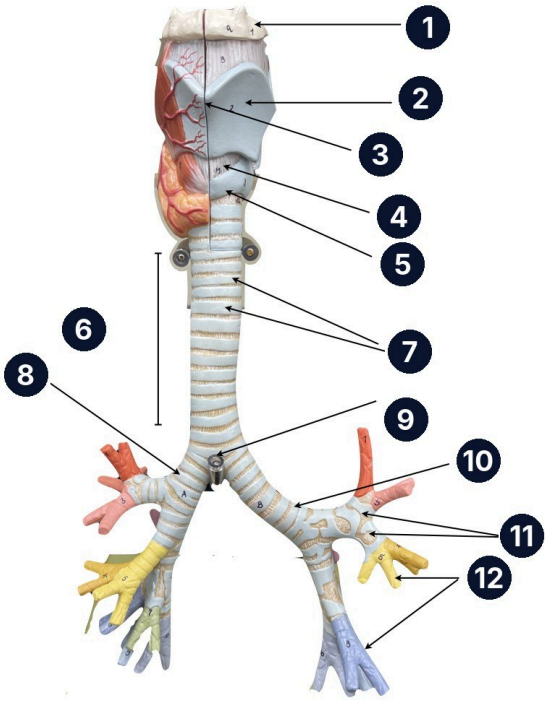

1. Name this bone.
2. Name this cartilage.
3. Name this bump.
4. Name this ligament.
5. Name this cartilage.
6. Name this tube.
7. Name this cartilage.
8. Name this airway.
9. Name this ridge where the trachea splits.
10. Name this airway.
11. Name this airway.
12. Name this airway.

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Larynx, trachea and bronchial tree

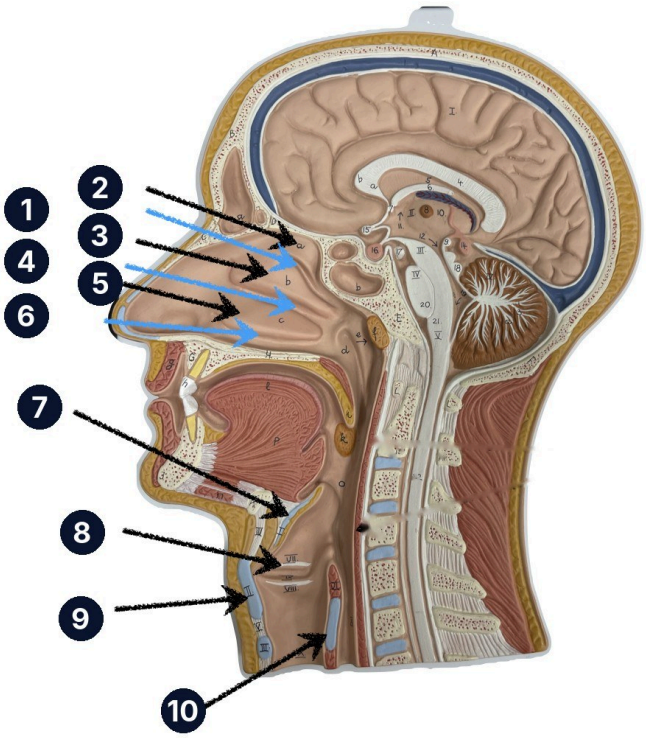

1. Name this bone.
   Hyoid bone
2. Name this cartilage.
   Thyroid cartilage
3. Name this bump.
   Laryngeal prominence
4. Name this ligament.
   Cricothyroid ligament
5. Name this cartilage.
   Cricoid cartilage
6. Name this tube.
   Trachea
7. Name this cartilage.
   Tracheal cartilages (C-rings)
8. Name this airway.
   Right primary bronchus
9. Name this ridge where the trachea splits.
   Carina
10. Name this airway.
    Left primary bronchus
11. Name this airway.
    Secondary (lobar) bronchi
12. Name this airway.
    Tertiary (segmental) bronchi

Check your answers, then wipe the front clean for the next round.

PRACTICE

Head, midsagittal: conchae and meatuses

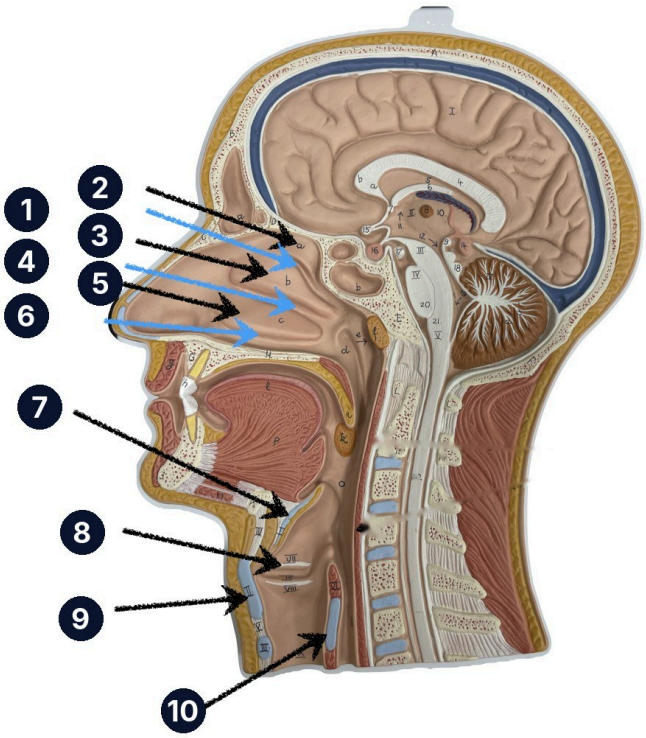

1. Name this air passage. _____
2. Name this shelf of bone. _____
3. Name this shelf of bone. _____
4. Name this air passage. _____
5. Name this shelf of bone. _____
6. Name this air passage. _____
7. Name this flap. _____
8. Name these folds. _____
9. Name this cartilage. _____
10. Name this cartilage. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Head, midsagittal: conchae and meatuses

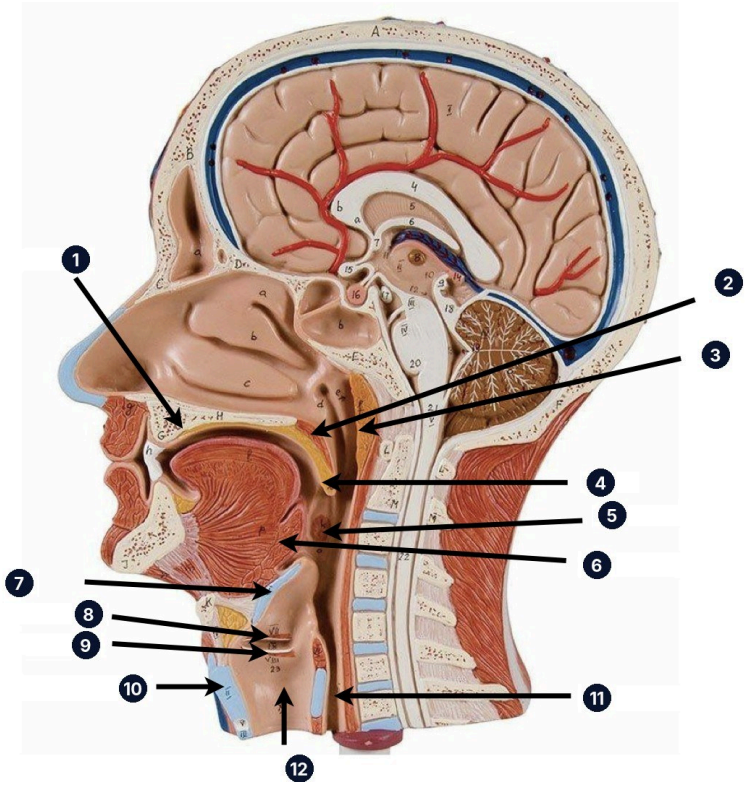

1. Name this air passage.
   Superior nasal meatus
2. Name this shelf of bone.
   Superior nasal concha
3. Name this shelf of bone.
   Middle nasal concha
4. Name this air passage.
   Middle nasal meatus
5. Name this shelf of bone.
   Inferior nasal concha
6. Name this air passage.
   Inferior nasal meatus
7. Name this flap.
   Epiglottis
8. Name these folds.
   Vestibular folds (false vocal folds)
9. Name this cartilage.
   Thyroid cartilage
10. Name this cartilage.
    Cricoid cartilage

Check your answers, then wipe the front clean for the next round.

PRACTICE

Head model, midsagittal: palate and tonsils

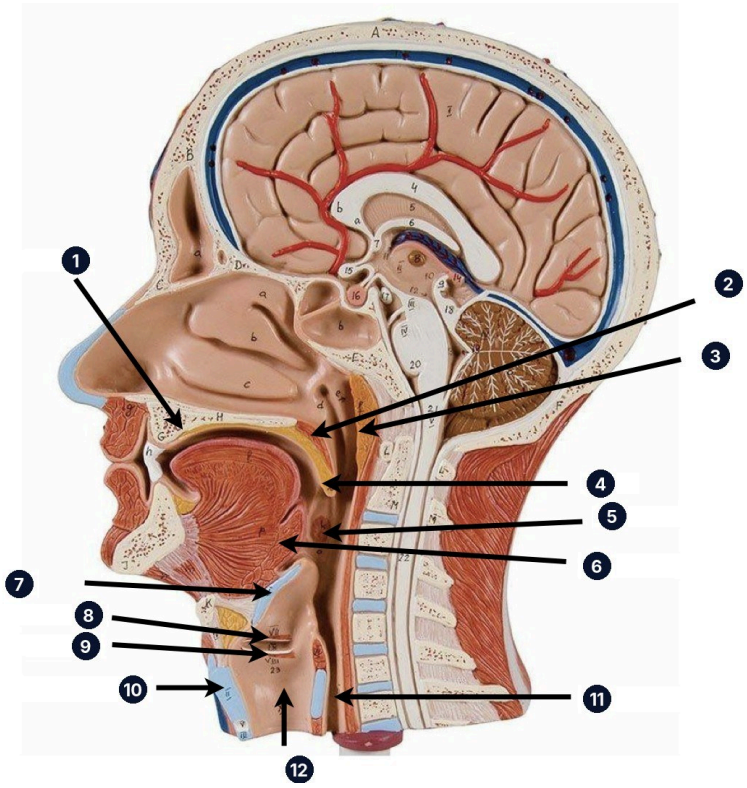

1. Name this part of the roof of the mouth.
2. Name this part of the roof of the mouth.
3. Name this tonsil.
4. Name this hanging part.
5. Name this tonsil.
6. Name this tonsil.
7. Name this flap.
8. Name these folds.
9. Name these folds.
10. Name this cartilage.
11. Name this tube.
12. Name this organ.

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Head model, midsagittal: palate and tonsils

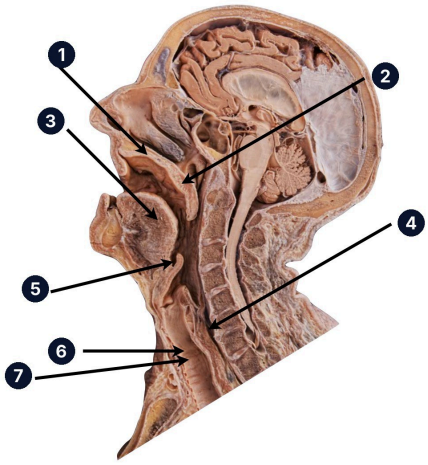

1. Name this part of the roof of the mouth.
   Hard palate
2. Name this part of the roof of the mouth.
   Soft palate
3. Name this tonsil.
   Pharyngeal tonsil
4. Name this hanging part.
   Uvula
5. Name this tonsil.
   Palatine tonsil
6. Name this tonsil.
   Lingual tonsil
7. Name this flap.
   Epiglottis
8. Name these folds.
   Vestibular folds (false vocal folds)
9. Name these folds.
   Vocal folds (true vocal cords)
10. Name this cartilage.
    Thyroid cartilage
11. Name this tube.
    Esophagus
12. Name this organ.
    Larynx

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 14 · NASAL CAVITY AND PHARYNX

PRACTICE

Head and neck, midsagittal cadaver

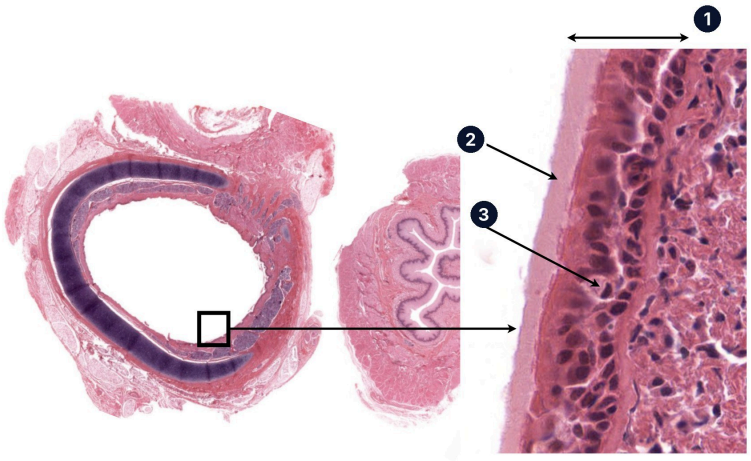

1. Name this part of the roof of the mouth.
2. Name this part of the roof of the mouth.
3. Name this organ.
4. Name this tube.
5. Name this flap.
6. Name these folds.
7. Name these folds.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 16 · HISTOLOGY

PRACTICE

Respiratory epithelium

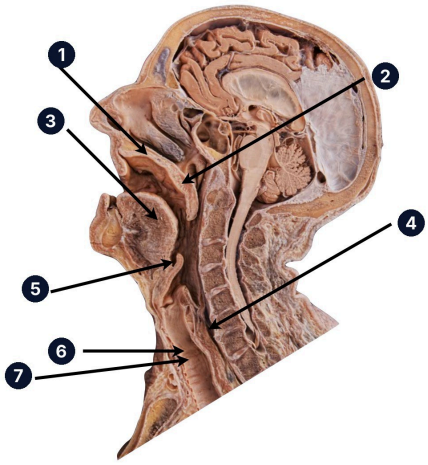

1. Name the tissue across the double arrow.
2. Name these hair-like projections.
3. Name this mucus-secreting cell.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 14 · NASAL CAVITY AND PHARYNX

ANSWER KEY

Head and neck, midsagittal cadaver

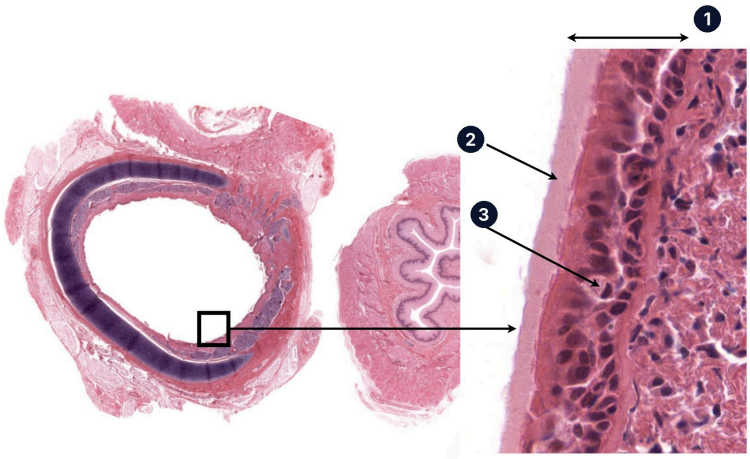

1. Name this part of the roof of the mouth.
   Hard palate
2. Name this part of the roof of the mouth.
   Soft palate
3. Name this organ.
   Tongue
4. Name this tube.
   Esophagus
5. Name this flap.
   Epiglottis
6. Name these folds.
   Vestibular folds (false vocal folds)
7. Name these folds.
   Vocal folds (true vocal cords)

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · RESPIRATORY SYSTEM · CARD 16 · HISTOLOGY

ANSWER KEY

Respiratory epithelium

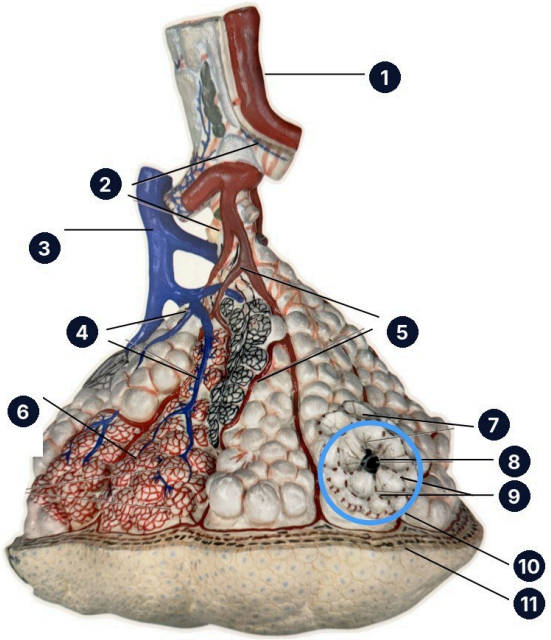

1. Name the tissue across the double arrow.
   Pseudostratified ciliated columnar epithelium
2. Name these hair-like projections.
   Cilia
3. Name this mucus-secreting cell.
   Goblet cell

Check your answers, then wipe the front clean for the next round.

Lung lobule model

PRACTICE

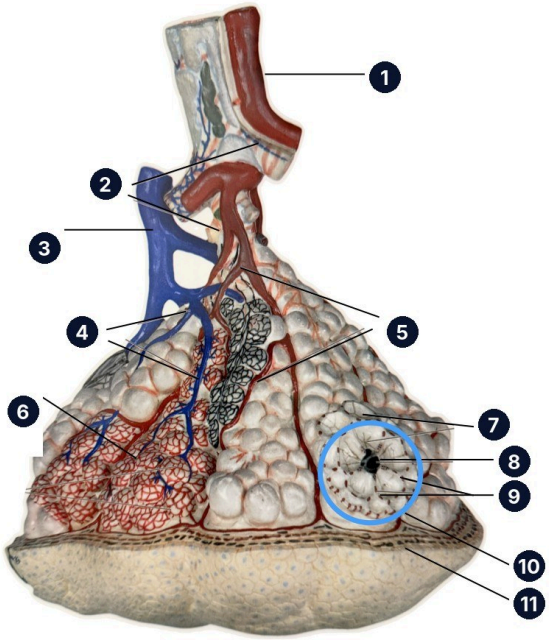

1. Name this vessel. _____
2. Name these small airways. _____
3. Name this vessel. _____
4. Name these vessels. _____
5. Name these vessels. _____
6. Name these vessels. _____
7. Name this air sac. _____
8. Name this opening. _____
9. Name these vessels. _____
10. Name this passage. _____
11. Name this membrane. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

Lung lobule model

ANSWER KEY

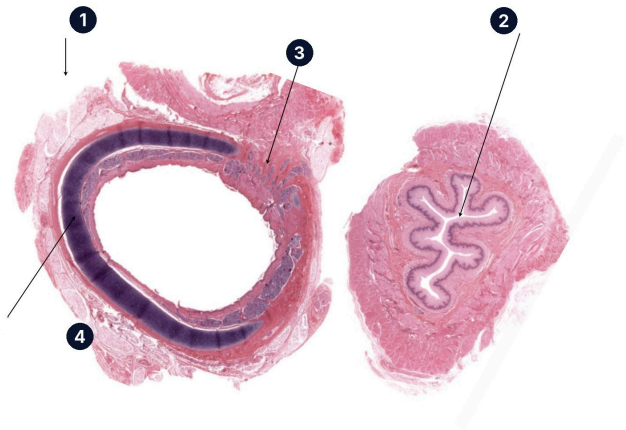

1. Name this vessel.
   Branches of pulmonary vein
2. Name these small airways.
   Bronchioles
3. Name this vessel.
   Branches of pulmonary artery
4. Name these vessels.
   Pulmonary arterioles
5. Name these vessels.
   Pulmonary venules
6. Name these vessels.
   Capillaries surrounding alveoli
7. Name this air sac.
   Alveolus
8. Name this opening.
   Opening of the alveolar duct
9. Name these vessels.
   Pulmonary capillaries
10. Name this passage.
    Alveolar duct
11. Name this membrane.
    Visceral pleura

Check your answers, then wipe the front clean for the next round.

Trachea and esophagus, cross section

PRACTICE

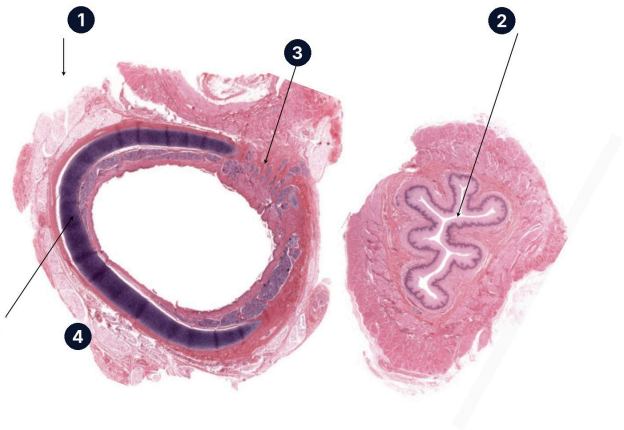

1. Name this tube. _____
2. Name this tube. _____
3. Name this muscle. _____
4. Name this C-shaped cartilage. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

Trachea and esophagus, cross section

ANSWER KEY

1. Name this tube.
   Trachea
2. Name this tube.
   Esophagus
3. Name this muscle.
   Trachealis muscle
4. Name this C-shaped cartilage.
   Tracheal cartilage (hyaline cartilage)

Check your answers, then wipe the front clean for the next round.
