MEDMASTERS ANATOMY ATLAS · MUSCLE TISSUE · CARD 1 · MUSCLE HISTOLOGY

Muscle tissue 1

PRACTICE

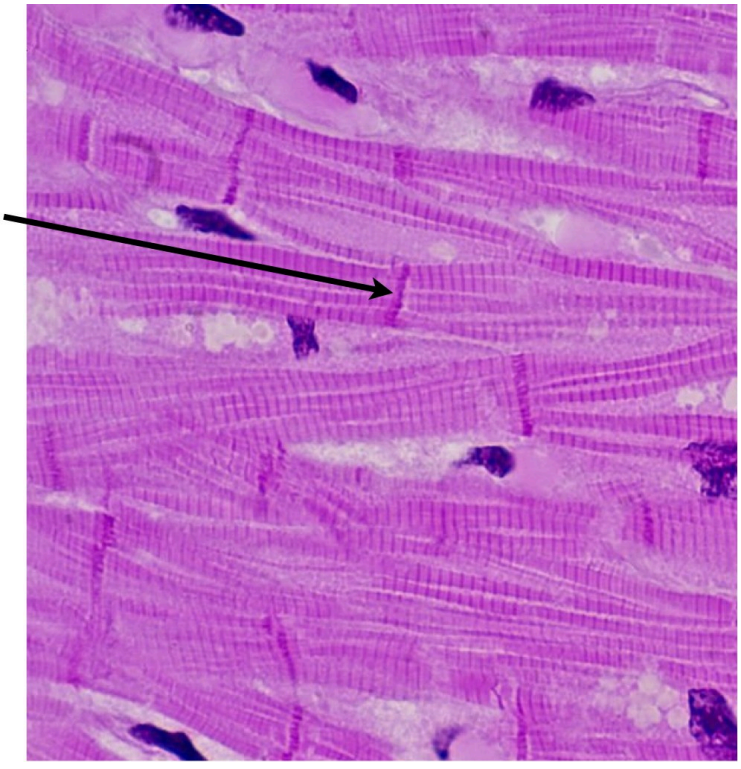

1. Name this tissue.
2. Is it voluntary or involuntary?
3. What does this tissue do?
4. Where is this tissue found?

Write each answer on its line with a dry-erase marker, then flip the card to check.

MEDMASTERS ANATOMY ATLAS · MUSCLE TISSUE · CARD 2 · MUSCLE HISTOLOGY

Muscle tissue 2

PRACTICE

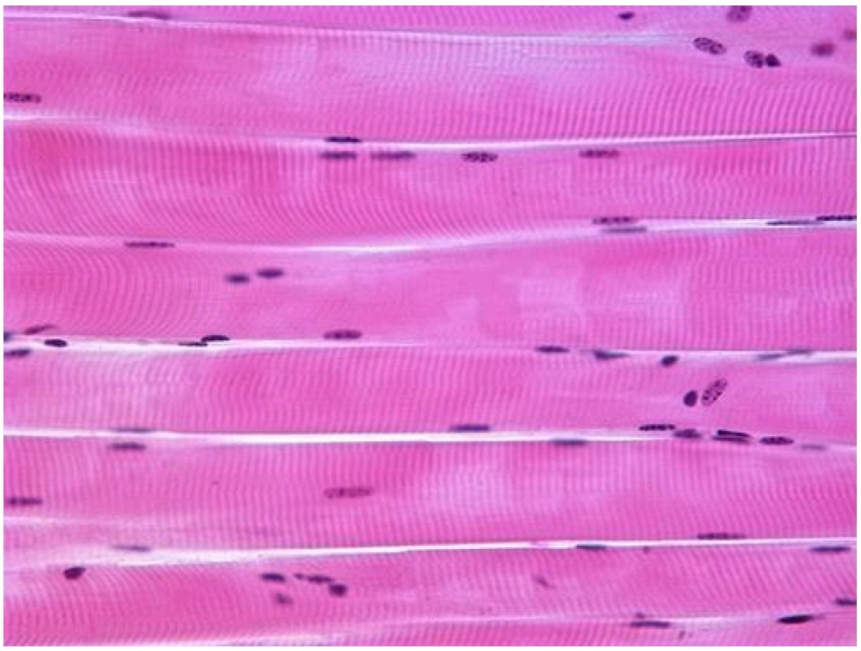

1. Name this tissue.
2. Name the structure at the end of the arrow.
3. Is it voluntary or involuntary?
4. What does this tissue do?
5. Where is this tissue found?

Write each answer on its line with a dry-erase marker, then flip the card to check.

MEDMASTERS ANATOMY ATLAS · MUSCLE TISSUE · CARD 1 · MUSCLE HISTOLOGY

ANSWER KEY

Muscle tissue 1

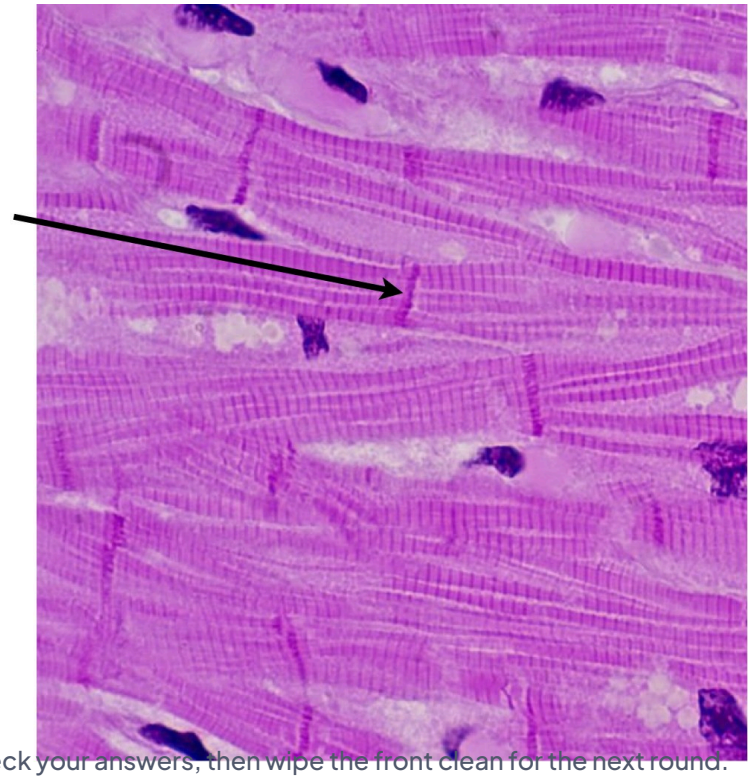

1. Name this tissue.
   Skeletal muscle tissue
2. Is it voluntary or involuntary?
   Voluntary
3. What does this tissue do?
   Locomotion and movement; heat generation
4. Where is this tissue found?
   Attached to bones

Check your answers, then wipe the front clean for the next round.

MEDMASTERS ANATOMY ATLAS · MUSCLE TISSUE · CARD 2 · MUSCLE HISTOLOGY

ANSWER KEY

Muscle tissue 2

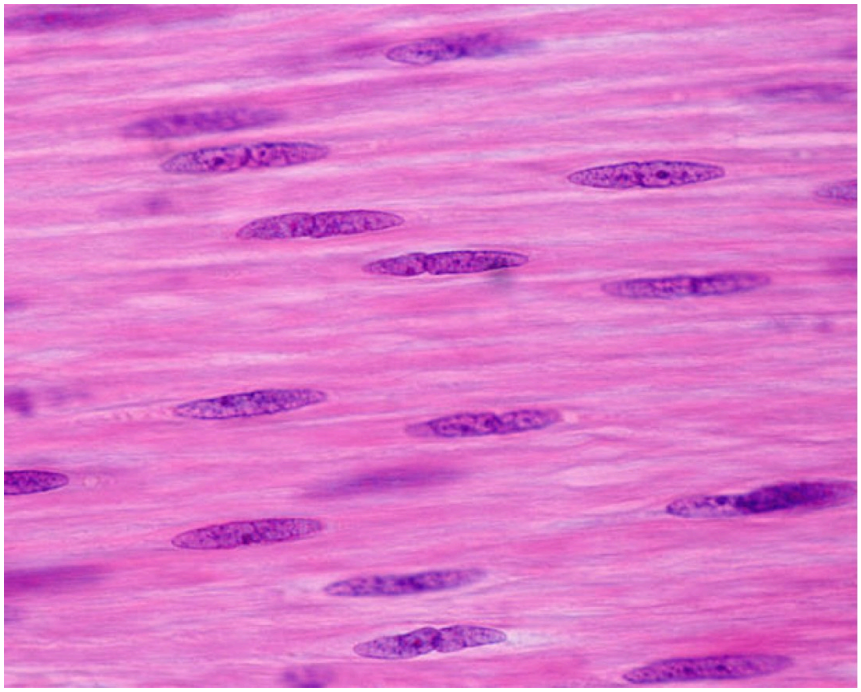

1. Name this tissue.
   Cardiac muscle tissue
2. Name the structure at the end of the arrow.
   Intercalated disc
3. Is it voluntary or involuntary?
   Involuntary
4. What does this tissue do?
   Pumps blood (generates cardiac output)
5. Where is this tissue found?
   Heart wall

Check your answers, then wipe the front clean for the next round.

MEDMASTERS ANATOMY ATLAS · MUSCLE TISSUE · CARD 3 · MUSCLE HISTOLOGY

PRACTICE

Muscle tissue 3

1. Name this tissue.

2. Is it voluntary or involuntary?

3. What does this tissue do?

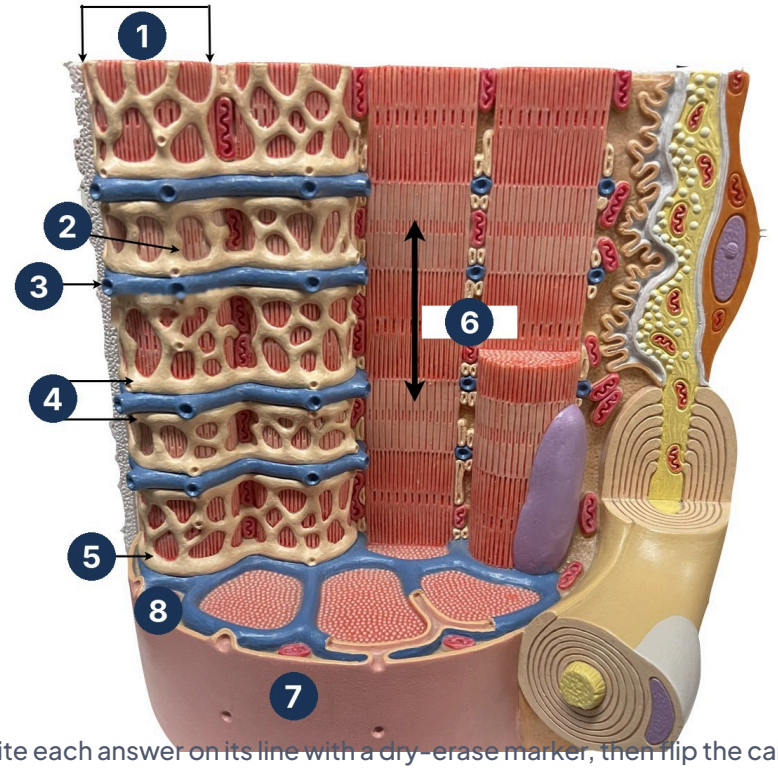

4. Where is this tissue found?

Write each answer on its line with a dry-erase marker, then flip the card to check.

MEDMASTERS ANATOMY ATLAS · MUSCLE TISSUE · CARD 4 · MUSCLE MICROANATOMY

PRACTICE

Inside a skeletal muscle fiber

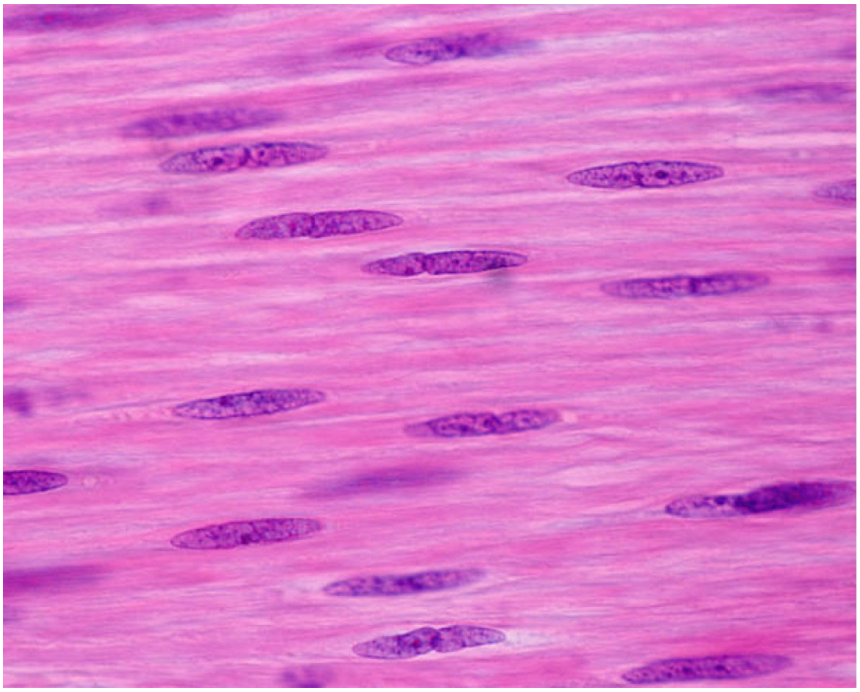

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

MEDMASTERS ANATOMY ATLAS · MUSCLE TISSUE · CARD 3 · MUSCLE HISTOLOGY

ANSWER KEY

Muscle tissue 3

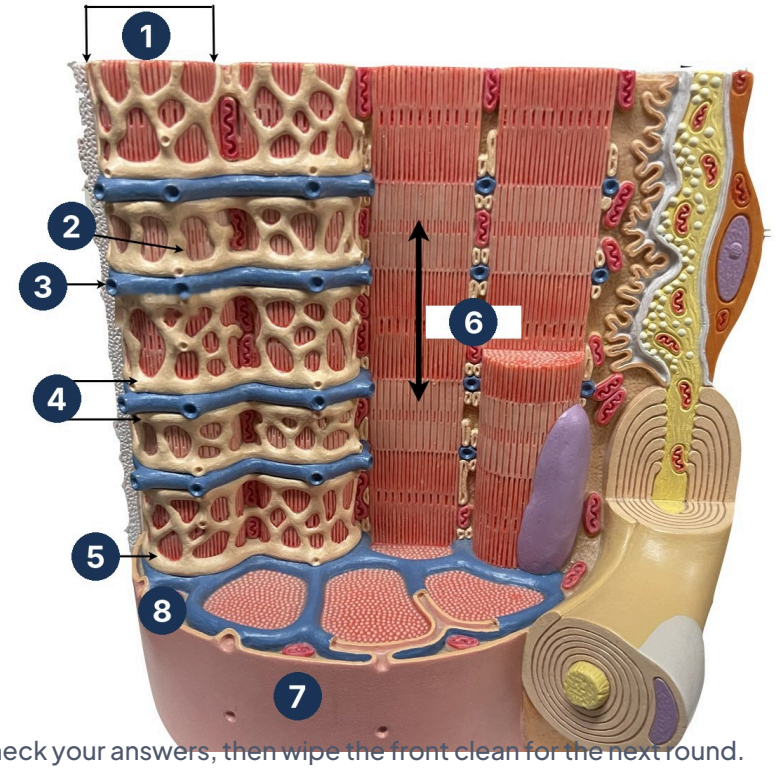

1. Name this tissue.
   Smooth muscle tissue
2. Is it voluntary or involuntary?
   Involuntary
3. What does this tissue do?
   Movement of blood, fluid, and food boluses
4. Where is this tissue found?
   Blood vessels, GI tract, eye

Check your answers, then wipe the front clean for the next round.

MEDMASTERS ANATOMY ATLAS · MUSCLE TISSUE · CARD 4 · MUSCLE MICROANATOMY

ANSWER KEY

Inside a skeletal muscle fiber

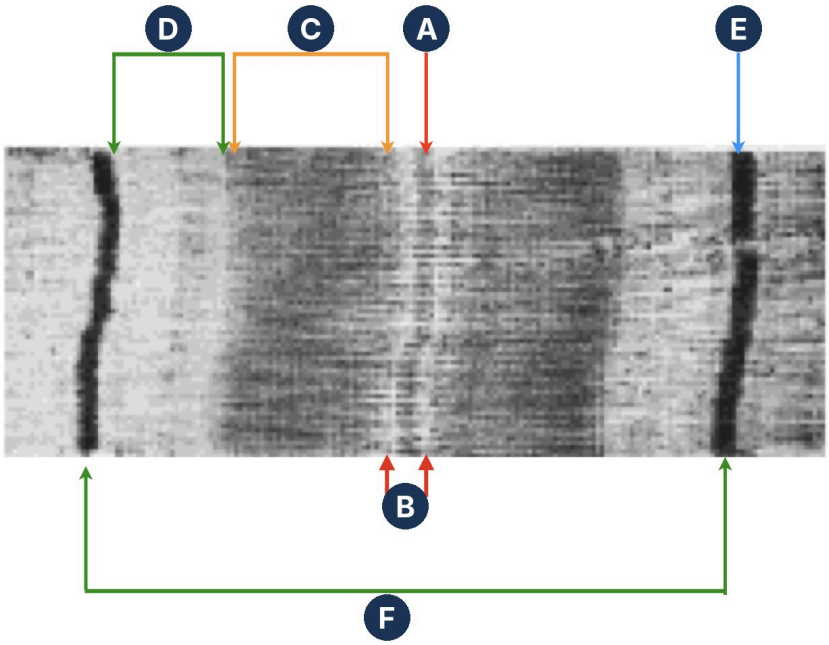

1. **Myofibril**
2. **Sarcoplasmic reticulum**
3. **Transverse (T) tubule**
4. **Triad (one T tubule + two terminal cisterns)**
5. **Terminal cistern**
6. **Sarcomere**
7. **Sarcolemma**
8. **Sarcoplasm**

Check your answers, then wipe the front clean for the next round.

PRACTICE

Bands of the sarcomere

A _____

B _____

C _____

D _____

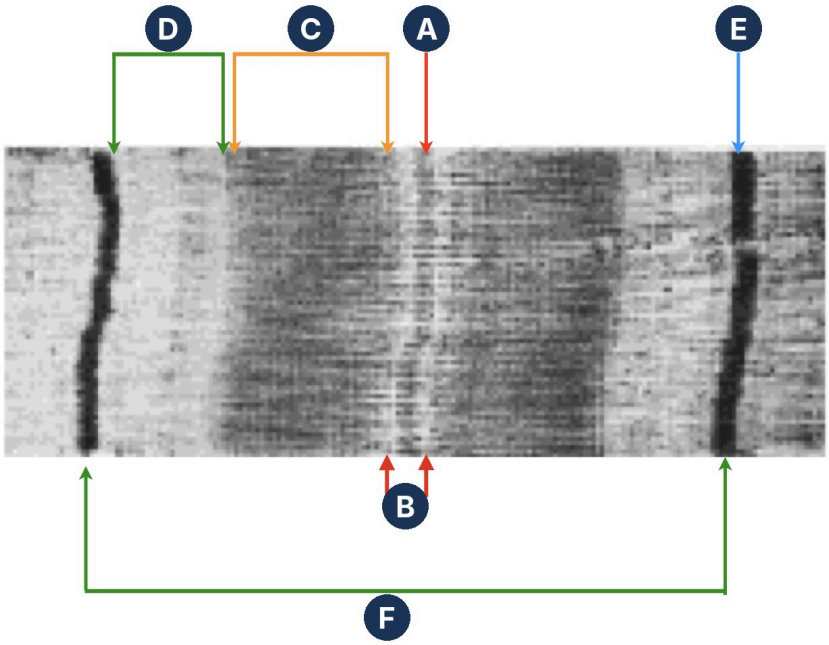

E _____

F _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Bands of the sarcomere

- **A** M line
- **B** H zone
- **C** A band
- **D** I band
- **E** Z disc (Z line)
- **F** One sarcomere (Z disc to Z disc)

Check your answers, then wipe the front clean for the next round.
