BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 1 · THIGH

PRACTICE

Thigh muscle

1. Name the highlighted muscle.

2. Origin?

3. Insertion?

4. Action?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 2 · THIGH

PRACTICE

Thigh muscle

1. Name the highlighted muscle.

2. Origin?

3. Insertion?

4. Action?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 1 · THIGH

Thigh muscle

ANSWER KEY

1. Name the highlighted muscle.
   Rectus femoris
2. Origin?
   Anterior inferior iliac spine and the rim of the acetabulum
3. Insertion?
   Patella and tibial tuberosity (through the patellar ligament)
4. Action?
   Extends the knee and flexes the hip

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 2 · THIGH

Thigh muscle

ANSWER KEY

1. Name the highlighted muscle.
   Gracilis
2. Origin?
   Body and inferior ramus of the pubis
3. Insertion?
   Medial surface of the proximal tibia
4. Action?
   Adducts the hip; flexes the knee

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 3 · THIGH

PRACTICE

Thigh muscle

1. Name the highlighted muscle.

2. Origin?

3. Insertion?

4. Action?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 4 · THIGH

PRACTICE

Thigh muscle

1. Name the highlighted muscle.

2. Origin?

3. Insertion?

4. Action?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 3 · THIGH

Thigh muscle

ANSWER KEY

1. Name the highlighted muscle.
   Vastus lateralis
2. Origin?
   Greater trochanter, intertrochanteric line and linea aspera of the femur
3. Insertion?
   Patella and tibial tuberosity (through the patellar ligament)
4. Action?
   Extends the knee

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 4 · THIGH

Thigh muscle

ANSWER KEY

1. Name the highlighted muscle.
   Adductor brevis
2. Origin?
   Body and inferior ramus of the pubis
3. Insertion?
   Upper linea aspera
4. Action?
   Adducts and medially rotates the hip

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 5 · THIGH

PRACTICE

Thigh muscle

1. Name the highlighted muscle.

2. Origin?

3. Insertion?

4. Action?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 6 · THIGH

PRACTICE

Thigh muscle

1. Name the highlighted muscle.

2. Origin?

3. Insertion?

4. Action?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 5 · THIGH

Thigh muscle

ANSWER KEY

1. Name the highlighted muscle.
   Sartorius
2. Origin?
   Anterior superior iliac spine
3. Insertion?
   Medial surface of the proximal tibia
4. Action?
   Flexes, abducts and laterally rotates the hip; flexes the knee

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 6 · THIGH

Thigh muscle

ANSWER KEY

1. Name the highlighted muscle.
   Vastus medialis
2. Origin?
   Intertrochanteric line and linea aspera of the femur
3. Insertion?
   Patella and tibial tuberosity (through the patellar ligament)
4. Action?
   Extends the knee

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 7 · THIGH

Thigh muscle

PRACTICE

1. Name the highlighted muscle.

2. Origin?

3. Insertion?

4. Action?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 8 · THIGH

Thigh muscle

PRACTICE

1. Name the highlighted muscle.

2. Origin?

3. Insertion?

4. Action?

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Thigh muscle

1. Name the highlighted muscle.
   Adductor longus
2. Origin?
   Body of the pubis near the pubic symphysis
3. Insertion?
   Middle third of the linea aspera
4. Action?
   Adducts, flexes and medially rotates the hip

Check your answers, then wipe the front clean for the next round.

ANSWER KEY

Thigh muscle

1. Name the highlighted muscle.
   Tensor fasciae latae
2. Origin?
   Anterior iliac crest and anterior superior iliac spine
3. Insertion?
   Iliotibial tract
4. Action?
   Flexes and abducts the hip; steadies the knee

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 9 · THIGH

PRACTICE

Thigh muscle

1. Name the highlighted muscle.

2. Origin?

3. Insertion?

4. Action?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 10 · THIGH

PRACTICE

Thigh muscle

1. Name the highlighted muscle.

2. Origin?

3. Insertion?

4. Action?

Write each answer on its line with a dry-erase marker, then flip the card to check.

Thigh muscle

ANSWER KEY

1. Name the highlighted muscle.
   Adductor magnus
2. Origin?
   Inferior ramus of the pubis, ramus of the ischium and ischial tuberosity
3. Insertion?
   Linea aspera and adductor tubercle of the femur
4. Action?
   Adducts the hip; the hamstring part extends the hip

Check your answers, then wipe the front clean for the next round.

Thigh muscle

ANSWER KEY

1. Name the highlighted muscle.
   Vastus intermedius
2. Origin?
   Anterior and lateral surfaces of the femoral shaft
3. Insertion?
   Patella and tibial tuberosity (through the patellar ligament)
4. Action?
   Extends the knee

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 11 · THIGH

PRACTICE

Lateral thigh

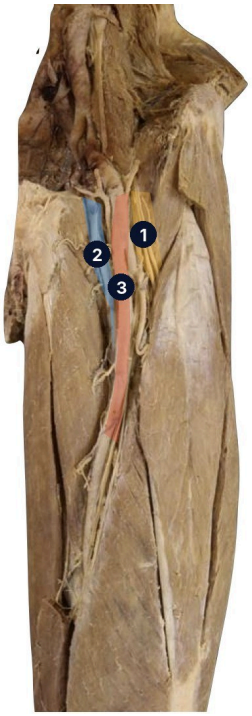

1. Name the highlighted band.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 12 · THIGH

PRACTICE

Femoral triangle, cadaver

1. Name the yellow structure.
2. Name the blue vessel.
3. Name the red vessel.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 11 · THIGH

Lateral thigh

ANSWER KEY

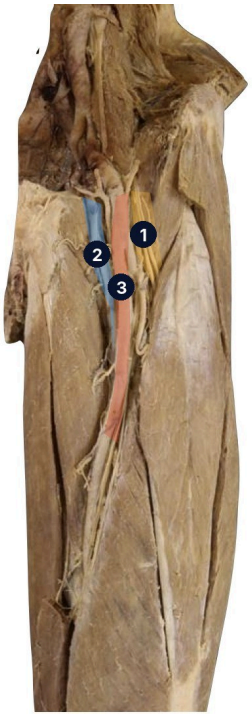

1. Name the highlighted band.
   Iliotibial tract (IT band)

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 12 · THIGH

Femoral triangle, cadaver

ANSWER KEY

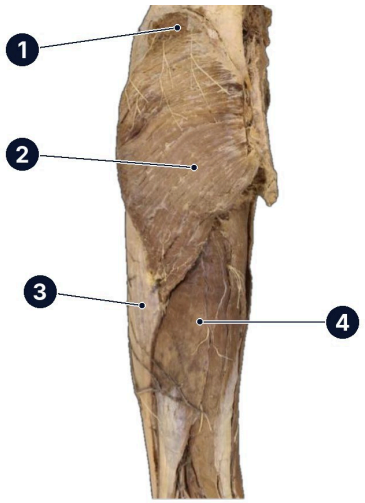

1. Name the yellow structure.
   Femoral nerve
2. Name the blue vessel.
   Femoral vein
3. Name the red vessel.
   Femoral artery

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 13 · GLUTEAL AND POSTERIOR THIGH

PRACTICE

Gluteal region and thigh, posterior (cadaver)

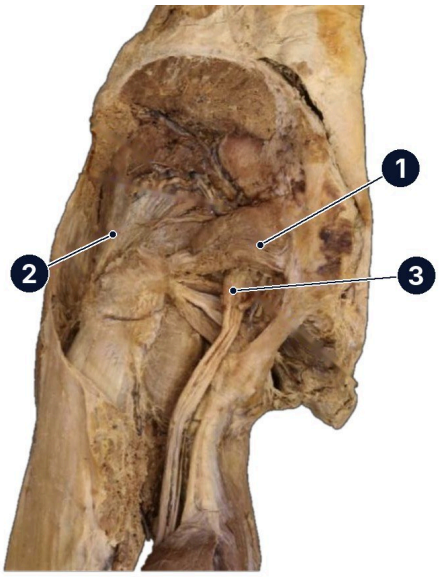

1. Name this muscle.
2. Name this muscle.
3. Name this band.
4. Name this muscle group.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 14 · GLUTEAL AND POSTERIOR THIGH

PRACTICE

Deep gluteal region (cadaver)

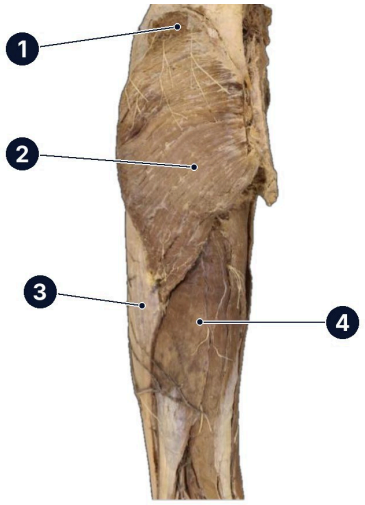

1. Name this muscle.
2. Name this muscle.
3. Name this nerve.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 13 · GLUTEAL AND POSTERIOR THIGH

ANSWER KEY

Gluteal region and thigh, posterior (cadaver)

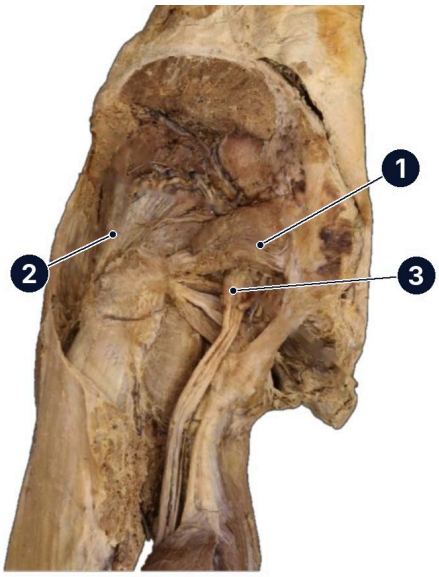

1. Name this muscle.
   Gluteus medius
2. Name this muscle.
   Gluteus maximus
3. Name this band.
   Iliotibial tract (IT band)
4. Name this muscle group.
   Hamstring muscles

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 14 · GLUTEAL AND POSTERIOR THIGH

ANSWER KEY

Deep gluteal region (cadaver)

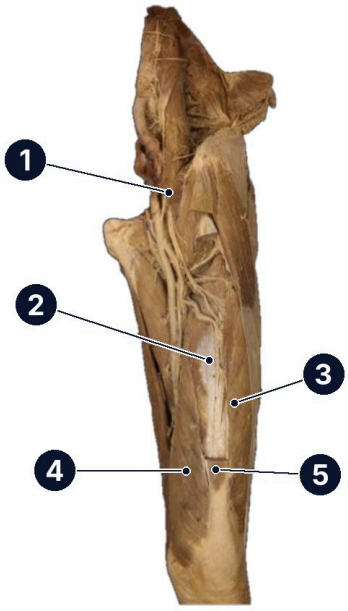

1. Name this muscle.
   Piriformis
2. Name this muscle.
   Gluteus minimus
3. Name this nerve.
   Sciatic nerve

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 15 · THIGH

PRACTICE

Thigh, anterior deep (cadaver)

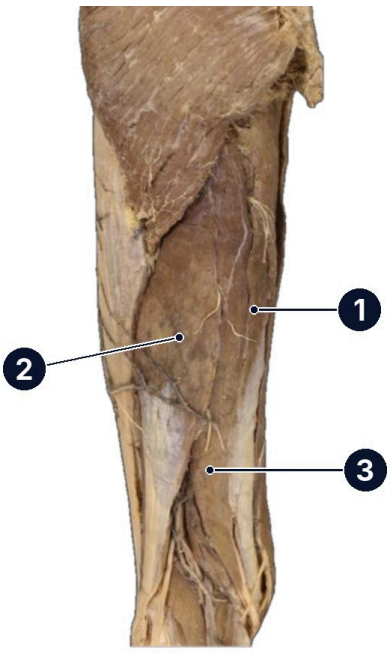

1. Name this muscle.
2. Name this muscle.
3. Name this muscle.
4. Name this muscle.
5. Name this muscle.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 16 · GLUTEAL AND POSTERIOR THIGH

PRACTICE

Thigh, posterior (cadaver)

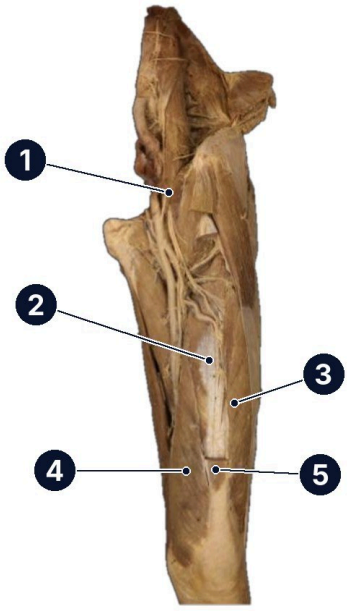

1. Name this muscle.
2. Name this muscle.
3. Name this muscle.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 15 · THIGH

ANSWER KEY

Thigh, anterior deep (cadaver)

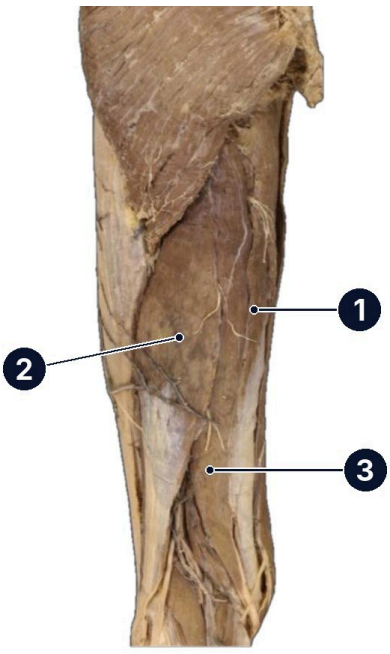

1. Name this muscle.
   Iliopsoas
2. Name this muscle.
   Vastus intermedius
3. Name this muscle.
   Vastus lateralis
4. Name this muscle.
   Vastus medialis
5. Name this muscle.
   Rectus femoris

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 16 · GLUTEAL AND POSTERIOR THIGH

ANSWER KEY

Thigh, posterior (cadaver)

1. Name this muscle.
   Semimembranosus
2. Name this muscle.
   Biceps femoris
3. Name this muscle.
   Semitendinosus

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 17 · GLUTEAL AND POSTERIOR THIGH

PRACTICE

Muscle at the gold ring

1. Name the muscle at the gold ring.

2. Origin of this muscle?

3. Insertion of this muscle?

4. Action of this muscle?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 18 · GLUTEAL AND POSTERIOR THIGH

PRACTICE

Muscle at the gold ring

1. Name the muscle at the gold ring.

2. Origin of this muscle?

3. Insertion of this muscle?

4. Action of this muscle?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 17 · GLUTEAL AND POSTERIOR THIGH

ANSWER KEY

Muscle at the gold ring

1. Name the muscle at the gold ring.
   Gluteus maximus
2. Origin of this muscle?
   Posterior ilium, sacrum and coccyx
3. Insertion of this muscle?
   Gluteal tuberosity of the femur and the iliotibial tract
4. Action of this muscle?
   Extends and laterally rotates the hip

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 18 · GLUTEAL AND POSTERIOR THIGH

ANSWER KEY

Muscle at the gold ring

1. Name the muscle at the gold ring.
   Semitendinosus
2. Origin of this muscle?
   Ischial tuberosity
3. Insertion of this muscle?
   Medial surface of the proximal tibia
4. Action of this muscle?
   Flexes the knee and extends the hip

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 19 · GLUTEAL AND POSTERIOR THIGH

PRACTICE

Muscle at the gold ring

1. Name the muscle at the gold ring.

2. Origin of this muscle?

3. Insertion of this muscle?

4. Action of this muscle?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 20 · THIGH

PRACTICE

Muscle at the gold ring

1. Name the muscle at the gold ring.

2. Origin of this muscle?

3. Insertion of this muscle?

4. Action of this muscle?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 19 · GLUTEAL AND POSTERIOR THIGH

ANSWER KEY

Muscle at the gold ring

1. Name the muscle at the gold ring.
   Gluteus minimus
2. Origin of this muscle?
   Outer surface of the ilium, below gluteus medius
3. Insertion of this muscle?
   Anterior greater trochanter of the femur
4. Action of this muscle?
   Abducts and medially rotates the hip

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 20 · THIGH

ANSWER KEY

Muscle at the gold ring

1. Name the muscle at the gold ring.
   Iliopsoas
2. Origin of this muscle?
   Iliacus: iliac fossa. Psoas major: bodies and transverse processes of T12 to L5
3. Insertion of this muscle?
   Lesser trochanter of the femur
4. Action of this muscle?
   Flexes the hip

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 21 · GLUTEAL AND POSTERIOR THIGH

PRACTICE

Muscle at the gold ring

1. Name the muscle at the gold ring.

2. Origin of this muscle?

3. Insertion of this muscle?

4. Action of this muscle?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 22 · GLUTEAL AND POSTERIOR THIGH

PRACTICE

Muscle at the gold ring

1. Name the muscle at the gold ring.

2. Origin of this muscle?

3. Insertion of this muscle?

4. Action of this muscle?

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 21 · GLUTEAL AND POSTERIOR THIGH

ANSWER KEY

Muscle at the gold ring

1. Name the muscle at the gold ring.
   Gluteus medius
2. Origin of this muscle?
   Outer surface of the ilium
3. Insertion of this muscle?
   Greater trochanter of the femur
4. Action of this muscle?
   Abducts and medially rotates the hip; keeps the pelvis level when walking

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · THIGH AND GLUTEAL MUSCLES · CARD 22 · GLUTEAL AND POSTERIOR THIGH

ANSWER KEY

Muscle at the gold ring

1. Name the muscle at the gold ring.
   Biceps femoris
2. Origin of this muscle?
   Long head: ischial tuberosity. Short head: linea aspera of the femur
3. Insertion of this muscle?
   Head of the fibula
4. Action of this muscle?
   Flexes the knee; the long head also extends the hip

Check your answers, then wipe the front clean for the next round.

PRACTICE

Muscle at the gold ring

1. Name the muscle at the gold ring.

2. Origin of this muscle?

3. Insertion of this muscle?

4. Action of this muscle?

Write each answer on its line with a dry-erase marker, then flip the card to check.

ANSWER KEY

Muscle at the gold ring

1. Name the muscle at the gold ring.
   Semimembranosus
2. Origin of this muscle?
   Ischial tuberosity
3. Insertion of this muscle?
   Posterior medial condyle of the tibia
4. Action of this muscle?
   Flexes the knee and extends the hip

Check your answers, then wipe the front clean for the next round.
