Urinary system model

PRACTICE

1. Name this organ (give the side).

2. Name this organ (give the side).

3. Name this tube (give the side).

4. Name this tube (give the side).

5. Name this organ.

6. Name these folds.

7. Name the muscle of the bladder wall.

8. Name this triangular area.

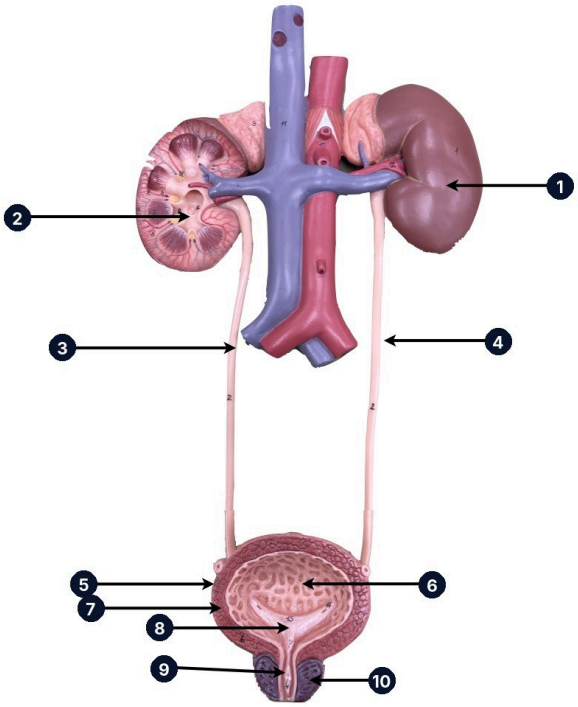

9. Name this tube.

10. Name this gland.

Write each answer on its line with a dry-erase marker, then flip the card to check.

Urinary system model

ANSWER KEY

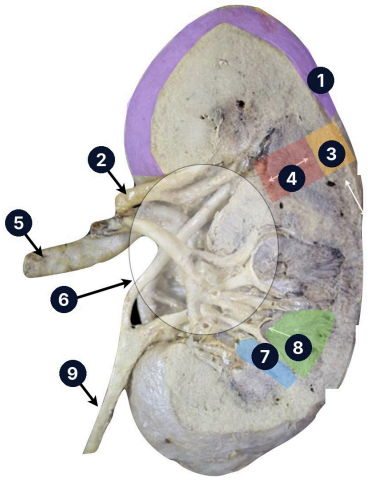

1. Name this organ (give the side).
   Left kidney
2. Name this organ (give the side).
   Right kidney
3. Name this tube (give the side).
   Right ureter
4. Name this tube (give the side).
   Left ureter
5. Name this organ.
   Urinary bladder
6. Name these folds.
   Bladder rugae
7. Name the muscle of the bladder wall.
   Detrusor muscle
8. Name this triangular area.
   Trigone
9. Name this tube.
   Urethra (prostatic)
10. Name this gland.
    Prostate gland

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 2 · GROSS ANATOMY

Kidney, coronal section (cadaver)

PRACTICE

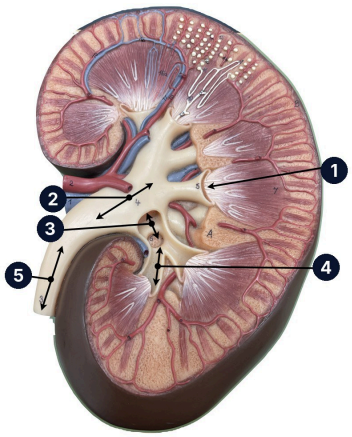

1. Name the layer in the purple zone.
2. Name this vessel.
3. Name the layer in the orange zone.
4. Name the region in the red zone.
5. Name this vessel.
6. Name this notch where vessels enter.
7. Name the blue structure.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 3 · GROSS ANATOMY

Kidney model: urine flow

PRACTICE

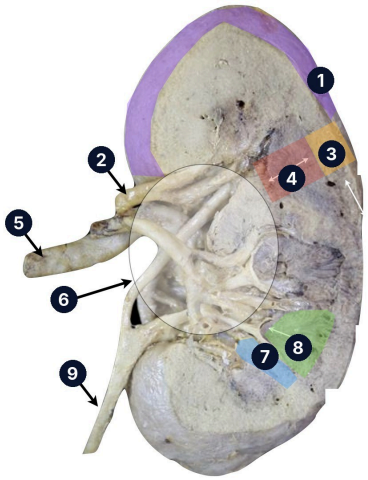

8. Name the green s
9. Name this tube.
10. Name this tip of the pyramid.
11. Name this funnel.
12. Name this cup.
13. Name this small cup.
14. Name this tube.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 2 · GROSS ANATOMY

Kidney, coronal section (cadaver)

ANSWER KEY

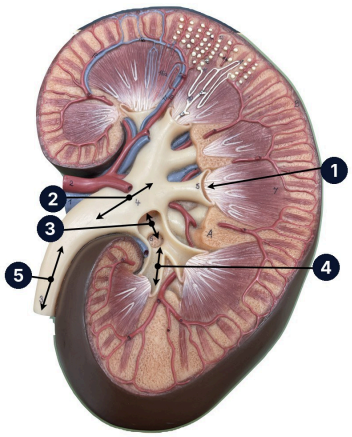

1. Name the layer in the purple zone.
   Renal capsule
2. Name this vessel.
   Renal artery
3. Name the layer in the orange zone.
   Renal cortex
4. Name the region in the red zone.
   Renal medulla
5. Name this vessel.
   Renal vein
6. Name this notch where vessels enter.
   Hilum
7. Name the blue structure.
   Renal column
8. Name the green structure.
   Renal pyramid
9. Name this tube.
   Ureter

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 3 · GROSS ANATOMY

Kidney model: urine flow

ANSWER KEY

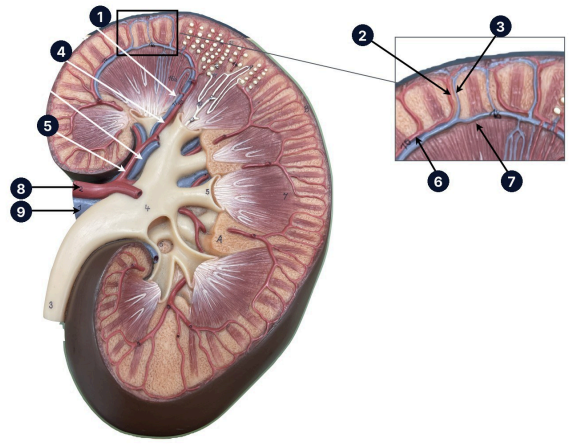

1. Name this tip of the pyramid.
   Renal papilla
2. Name this funnel.
   Renal pelvis
3. Name this cup.
   Major calyx
4. Name this small cup.
   Minor calyx
5. Name this tube.
   Ureter

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 4 · BLOOD FLOW

Kidney model: blood flow

PRACTICE

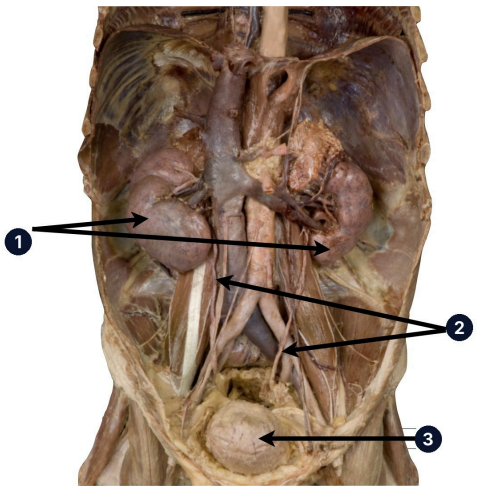

1. Name this vessel. _____
2. Name this vessel. _____
3. Name this vessel. _____
4. Name this vessel. _____
5. Name this vessel. _____
6. Name this vessel. _____
7. Name this vessel. _____
8. Name this vessel. _____
9. Name this vessel. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 7 · GROSS ANATOMY

Abdomen, cadaver: urinary organs

PRACTICE

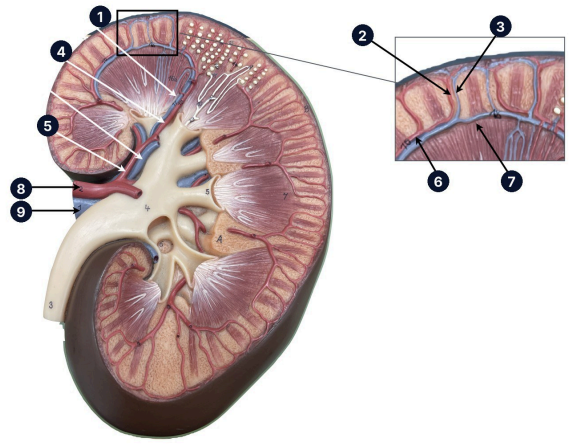

1. Name these organs. _____
2. Name these tubes. _____
3. Name this organ. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 4 · BLOOD FLOW

Kidney model: blood flow

ANSWER KEY

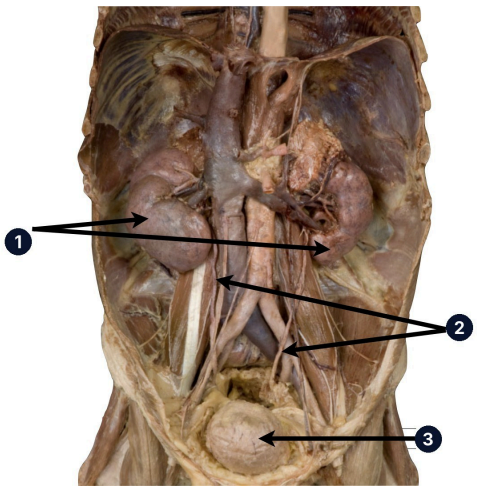

1. Name this vessel.
   Interlobar vein
2. Name this vessel.
   Cortical radiate artery
3. Name this vessel.
   Cortical radiate vein
4. Name this vessel.
   Interlobar artery
5. Name this vessel.
   Segmental artery
6. Name this vessel.
   Arcuate artery
7. Name this vessel.
   Arcuate vein
8. Name this vessel.
   Renal artery
9. Name this vessel.
   Renal vein

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 7 · GROSS ANATOMY

Abdomen, cadaver: urinary organs

ANSWER KEY

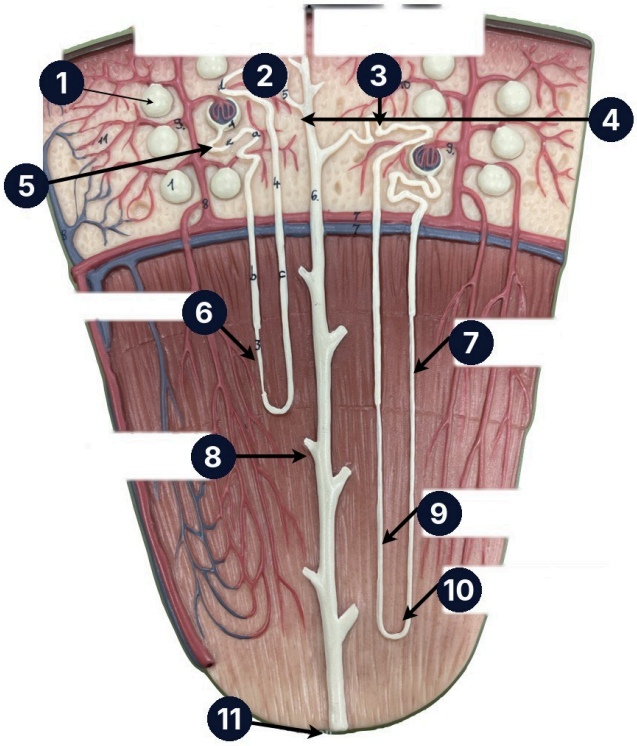

1. Name these organs.
   Kidney
2. Name these tubes.
   Ureter
3. Name this organ.
   Urinary bladder

Check your answers, then wipe the front clean for the next round.

Nephron model

PRACTICE

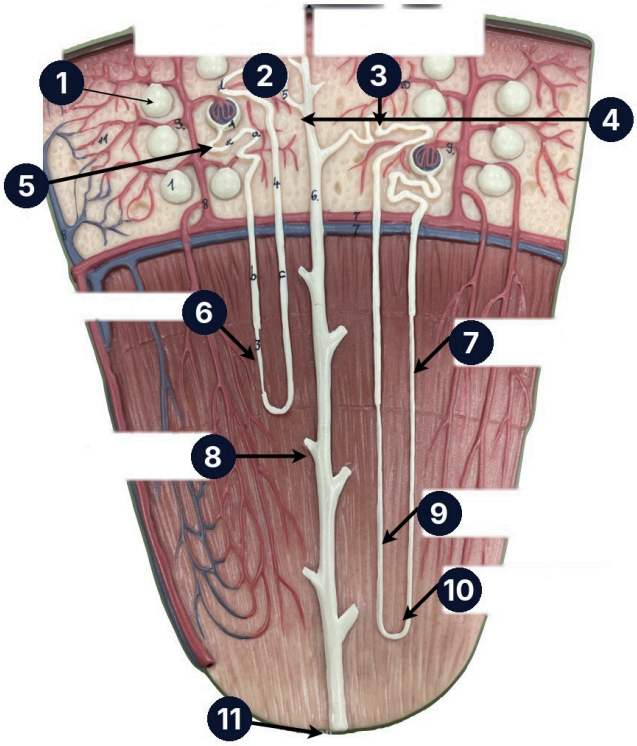

1. Name this round filtering unit. _____
2. Name this tubule. _____
3. Name this tubule. _____
4. Name this duct. _____
5. Name this tubule. _____
6. Name this U-shaped loop. _____
7. Name this part of the loop. _____
8. Name this duct. _____
9. Name this part of the loop. _____
10. Name this turn. _____
11. Name this tip. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

Nephron model

ANSWER KEY

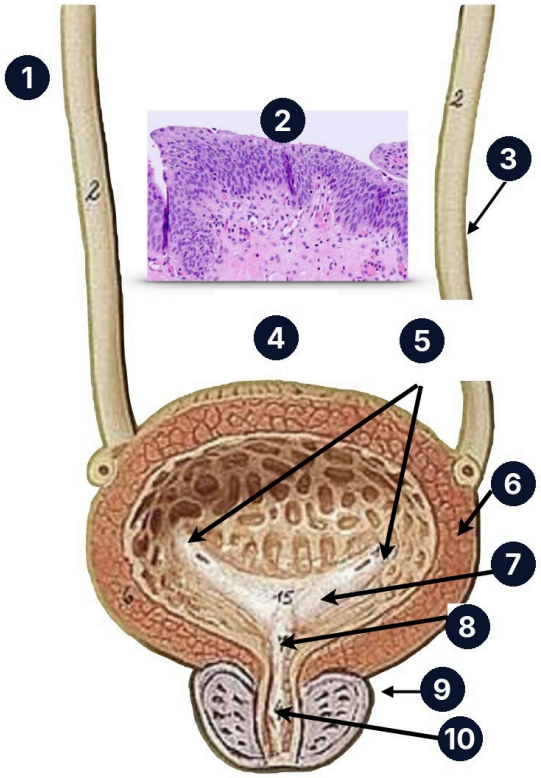

1. Name this round filtering unit.
   Renal corpuscle
2. Name this tubule.
   Distal convoluted tubule
3. Name this tubule.
   Distal convoluted tubule
4. Name this duct.
   Collecting duct
5. Name this tubule.
   Proximal convoluted tubule
6. Name this U-shaped loop.
   Nephron loop (loop of Henle)
7. Name this part of the loop.
   Descending limb of the nephron loop
8. Name this duct.
   Collecting duct
9. Name this part of the loop.
   Ascending limb of the nephron loop
10. Name this turn.
    Hairpin turn of the nephron loop
11. Name this tip.
    Renal papilla

Check your answers, then wipe the front clean for the next round.

Urinary bladder model

PRACTICE

1. Name this tube (give the side).

2. Name the tissue lining the bladder.

3. Name this tube (give the side).

4. Name this organ.

5. Name these openings at the corners of the trigone.

6. Name the muscle of the bladder wall.

7. Name this triangular area.

8. Name this sphincter.

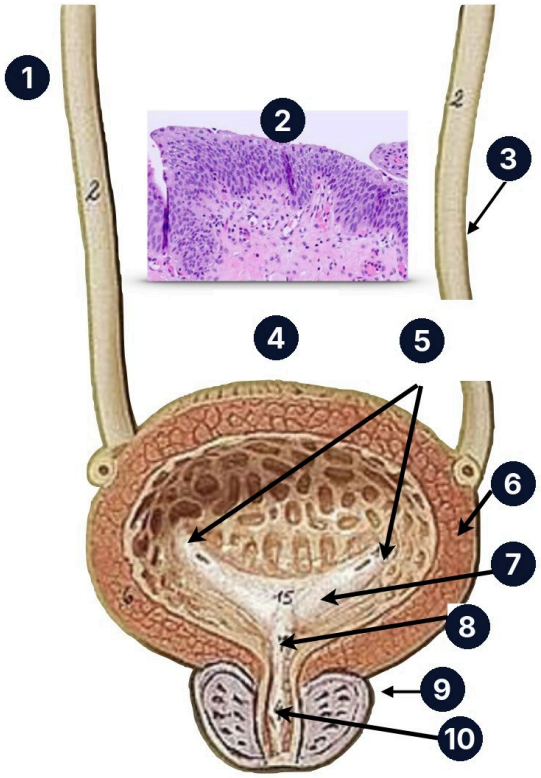

9. Name this gland.

10. Name this tube.

Write each answer on its line with a dry-erase marker, then flip the card to check.

Urinary bladder model

ANSWER KEY

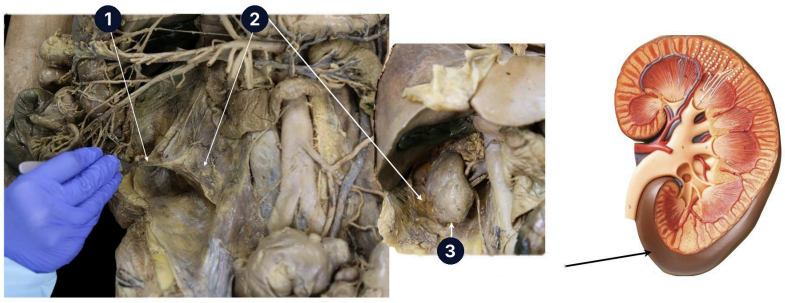

1. Name this tube (give the side).
   Right ureter
2. Name the tissue lining the bladder.
   Transitional epithelium
3. Name this tube (give the side).
   Left ureter
4. Name this organ.
   Urinary bladder
5. Name these openings at the corners of the trigone.
   Ureteral openings
6. Name the muscle of the bladder wall.
   Detrusor muscle
7. Name this triangular area.
   Trigone
8. Name this sphincter.
   Internal urethral sphincter
9. Name this gland.
   Prostate gland
10. Name this tube.
    Urethra (prostatic)

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 8 · GROSS ANATOMY

Layers around the kidney

PRACTICE

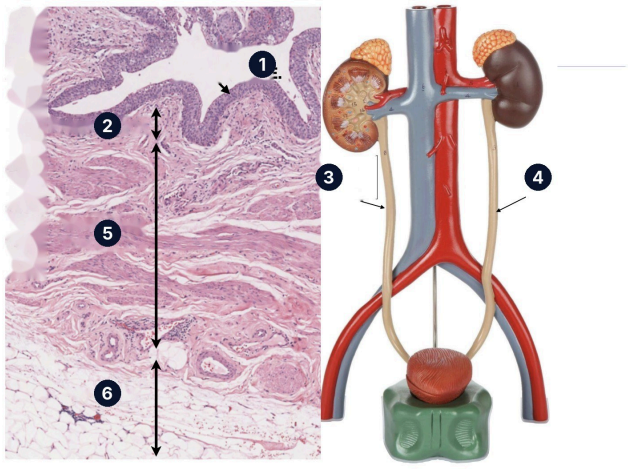

1. Name this outer layer.
2. Name this fatty layer.
3. Name the layer right on the kidney.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 9 · HISTOLOGY

Ureter, cross section and model

PRACTICE

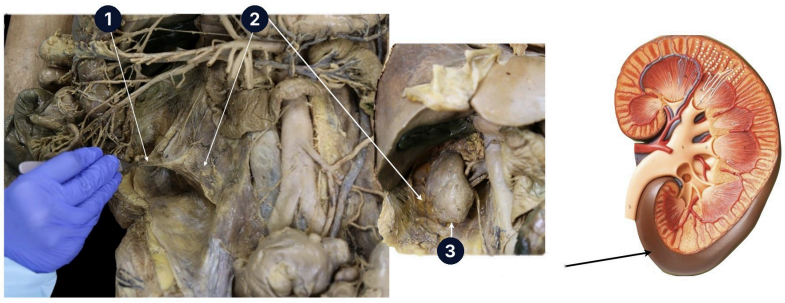

1. Name this lining tissue.
2. Name this layer.
3. Name this tube (give the side).
4. Name this tube (give the side).
5. Name this muscle layer.
6. Name this outer layer.

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 8 · GROSS ANATOMY

Layers around the kidney

ANSWER KEY

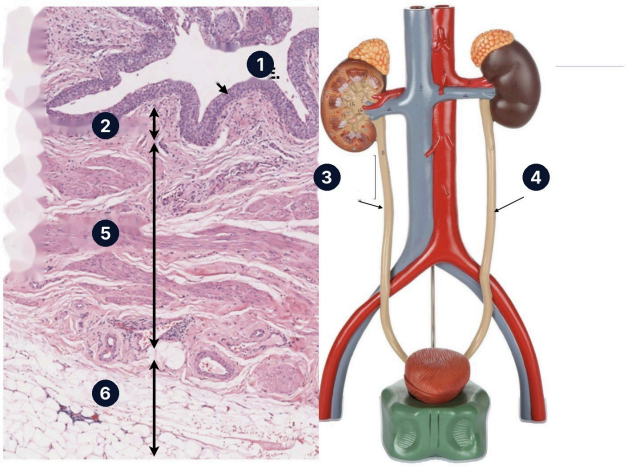

1. Name this outer layer.
   Renal fascia
2. Name this fatty layer.
   Perirenal fat capsule
3. Name the layer right on the kidney.
   Renal capsule

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 9 · HISTOLOGY

Ureter, cross section and model

ANSWER KEY

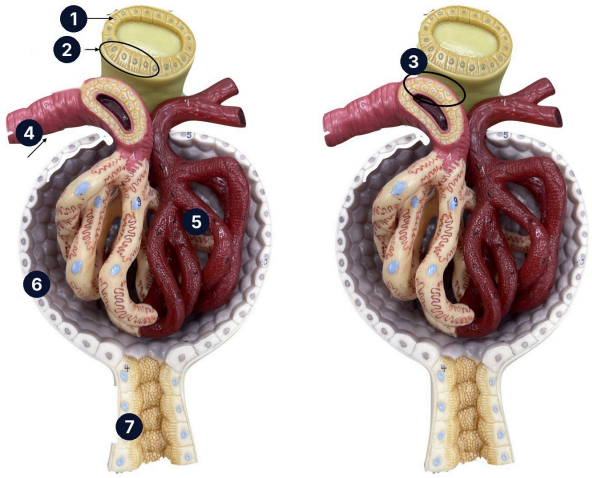

1. Name this lining tissue.
   Transitional epithelium (urothelium)
2. Name this layer.
   Lamina propria
3. Name this tube (give the side).
   Right ureter
4. Name this tube (give the side).
   Left ureter
5. Name this muscle layer.
   Muscularis
6. Name this outer layer.
   Adventitia

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 10 · NEPHRON

PRACTICE

Renal corpuscle and juxtaglomerular apparatus

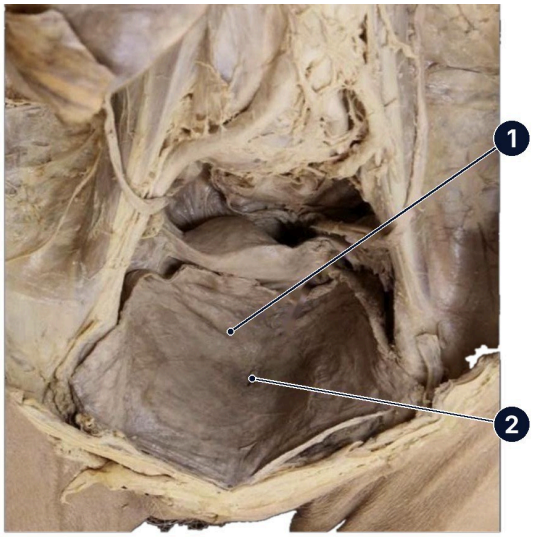

1. Name this tubule. _____
2. Name the cells in the oval. _____
3. Name the cells in the oval on the right. _____
4. Name this vessel bringing blood in. _____
5. Name this capillary tuft. _____
6. Name this outer wall of the capsule. _____
7. Name the tubule leaving the capsule. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 11 · GROSS ANATOMY

PRACTICE

Inside the urinary bladder (cadaver)

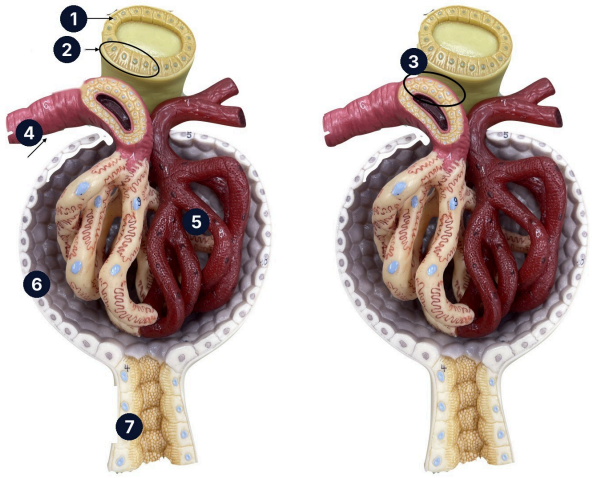

1. Name these openings. _____
2. Name this opening. _____

Write each answer on its line with a dry-erase marker, then flip the card to check.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 10 · NEPHRON

ANSWER KEY

Renal corpuscle and juxtaglomerular apparatus

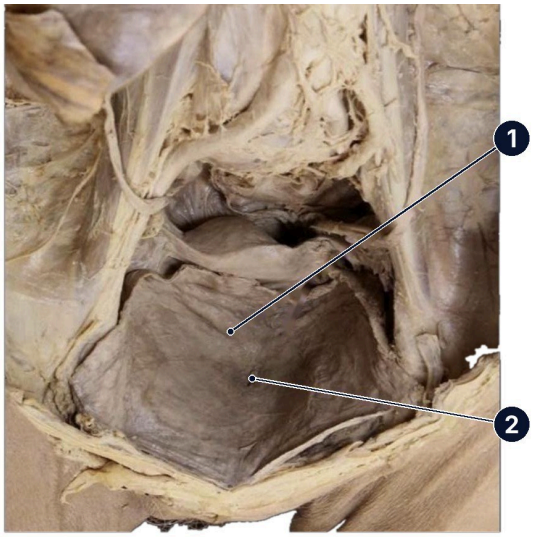

1. Name this tubule.
   Distal convoluted tubule
2. Name the cells in the oval.
   Macula densa
3. Name the cells in the oval on the right.
   Juxtaglomerular (granular) cells
4. Name this vessel bringing blood in.
   Afferent arteriole
5. Name this capillary tuft.
   Glomerulus
6. Name this outer wall of the capsule.
   Parietal layer of glomerular capsule
7. Name the tubule leaving the capsule.
   Proximal convoluted tubule

Check your answers, then wipe the front clean for the next round.

BIO 004 ANATOMY ATLAS · URINARY SYSTEM · CARD 11 · GROSS ANATOMY

ANSWER KEY

Inside the urinary bladder (cadaver)

1. Name these openings.
   Ureteral openings
2. Name this opening.
   Internal urethral orifice

Check your answers, then wipe the front clean for the next round.
